SECOND STORY *and Beyond*
WINTER 2020 CLASSES

VALENTINE'S DAY (TELL-TALE HEART) DISSECTION

Ages 13-18

Learn about February's favorite internal organ this Valentine's Day! The class will cover lab safety and heart anatomy. Participants will be guided through a heart dissection (sheep or cow) and learn about structure of the heart and the relationship between structure and function.

Fr 2/14 1-Day 3:30 - 5:30 pm #20746
\$18 (Resident) / \$32 (Non-Resident)

YOUNG BUILDERS: LITTLE FREE LIBRARIES

Ages 8 & Up

Participants ages 8-15 must be accompanied by an adult during the class

Calling all builders! This class is an introduction to tool safety and building materials. Participants will assemble and decorate a Little Free Library to take home. Families welcome! (Price shown is per family.)

Learning Outcomes:

- Learning basics of tool safety
- Reading a measuring tape
- Developing engineering, math and spatial skills
- Developing hand-eye coordination and teamwork skills
- Learning about different types of wood and their characteristics
- Learning how to start a library in your community

Sa 2/1 3-Wks 1 - 2:30 pm #20679
\$65 per family (Resident) / \$79 per family (Non-Resident)

Little Scientists: HUMAN ANATOMY

Ages 4-7

Caregivers must remain in the Library during each class.

The body is capable of amazing things! Children will learn about human anatomy and various body systems (skeletal, circulatory, nervous systems, etc.) through hands-on activities and crafts.

Fr 2/28 3-Wks 4 - 5 pm #20659
\$47 (Resident) / \$61 (Non-Resident)
