

## Self Certification Inspections Building and Safety Services Department

**We are not conducting inspections on interiors of existing  
Single Family Residences at this time**

**Types of inspections that would require self – certification with photos, video or  
facetime:**

Bathroom remodel  
Kitchen remodel  
Living room or bedroom remodel  
HVAC changeout  
Water heater changeout  
Window changeout  
Wall heater changeout  
Plumbing repipe  
Rewire of existing dwelling

Photos should provide a sufficient view of all essential components required by the approved plans and the California Building, Plumbing, Mechanical and Electrical Codes. The Inspector will render a decision of Pass, Corrections Needed or may ask for additional photos to clarify.

If the permit associated with your property meets these criteria, please consult the self – certification handout. Complete the certification and email completed copy to the inspector assigned to your project.

The Building and Safety Department appreciates your understanding and assistance in allowing us to uniquely provide customer service at this time.

For questions, please check our website at [www.CityofRC.us](http://www.CityofRC.us) or call (909) 477-2710.

## Self-Certification Statement Building and Safety Services Department

**We are not conducting inspections on interiors of existing Single Family Residences at this time.**

Due to the Covid-19 pandemic and the instructions from Center of Disease Control, to maintain safe social distancing, the Building and Safety Department has altered its procedure regarding inspections of interior occupied spaces. If you need an inspection of such an area, please schedule the necessary inspection through the On-line Permitting System ([www.CityofRC.us](http://www.CityofRC.us)), print and sign this document and meet the inspector onsite. Depending on the degree of necessary visual observation, the field inspector will prescribe images, video or facetime.

**Please complete the self - certification below** and email to the Building Inspector that has been assigned to your permit before date of inspection.

I \_\_\_\_\_ owner/ contractor (circle one) certify that the work requiring inspection (type)\_\_\_\_\_ on permit number \_\_\_\_\_ is in conformance with the approved plans and I will provide documentation and images as required by the Building and Safety Department to obtain approval.

Date \_\_\_\_\_

For questions, please check our website at [www.CityofRC.us](http://www.CityofRC.us) or call (909) 477-2710.
