Delinquent Solid Waste Accounts

Why am I on a delinquent list?

Properties with unpaid trash bills that are 60 or more days past due are placed on a delinquent list. As the property owner, you are responsible for the past due amount.

Why was I never informed that my account was delinquent?

Property owners are notified when an account is over 60 days past due, and are given an opportunity to correct past due accounts prior to the lien process. Burrtec mails out notices to the owner contact address that it has on file. Please contact Burrtec to confirm the correct contact address. Burrtec's customer service number is (909) 987-3717.

Why won't the City go after my tenants for non-payment since the account is in their name?

The lien comes after failed attempts to collect on the debt. As the property owner, you are ultimately responsible for the upkeep of your property per Municipal Code Section 8.17.170.

Is there an early warning program that informs property owners when tenants are not keeping up with their trash bill?

Mandatory Trash Service

Why does the City mandate weekly trash service?

Weekly trash service is required for all occupied properties by the Department of Public Health. The Rancho Cucamonga City Council adopted the ordinance for mandatory trash service and payment due to problems in the community with illegal dumping and trash stockpiling on properties.
