

**RANCHO CUCAMONGA EIFD  
PUBLIC FINANCING AUTHORITY AGENDA  
Special Meeting  
April 5, 2022 – 6:00 PM  
Council Chambers  
10500 Civic Center Drive  
Rancho Cucamonga, CA 91730**

**A. CALL TO ORDER**

**Pledge of Allegiance  
Roll Call**

**B. ANNOUNCEMENT / PRESENTATIONS**

**C. PUBLIC COMMUNICATIONS**

This is the time set aside for anyone wishing to address the Authority on items not listed in any other place on the agenda. Under the provisions of the Brown Act, the legislative body is prohibited from talking or engaging in discussion on any item not appearing on the posted agenda. However, your concerns may be referred to staff or set for discussion at a later date. Any person desiring to speak should fill out a "Speaker Request Form" and give it to the Clerk before that portion of the agenda is called. Comments are to be limited to five minutes per individual or less, as deemed necessary by the Chair, depending upon the number of individuals desiring to speak.

**D. CONSENT CALENDAR**

- D1.** Consideration of Meeting Minutes for the Special Meeting of: March 8, 2022.
- D2.** Consideration of Agreements for Legal Services with Richards, Watson & Gershon and Best Best & Krieger. (EIFD)

**E. ITEMS FOR DISCUSSION**

- E1.** Presentation of the Infrastructure Financing Plan and Receive Comments Related to the Rancho Cucamonga Enhanced Infrastructure Financing District (EIFD) and Infrastructure Financing Plan (PFA).

**F. ADJOURNMENT**

**CERTIFICATION**

I, Linda A. Troyan, MMC, City Clerk Services Director of the City of Rancho Cucamonga, or my designee, hereby certify under penalty of perjury that a true, accurate copy of the foregoing agenda was posted on at least Seventy-Two (72) hours prior to the meeting per Government Code 54954.2 at 10500 Civic Center Drive, Rancho Cucamonga, California and on the City's website.

**LINDA A. TROYAN, MMC**

**CITY CLERK SERVICES DIRECTOR**

If you need special assistance or accommodations to participate in this meeting, please contact the City Clerk's Office at (909) 477-2700. Notification of 48 hours prior to the meeting will enable the City to make reasonable arrangements to ensure accessibility. Listening devices are available for the hearing impaired.

March 8, 2022

**RANCHO CUCAMONGA EIFD**

**PUBLIC FINANCING AUTHORITY MEETING MINUTES**

**A. CALL TO ORDER**

The Rancho Cucamonga EIFD Public Financing Authority Meeting held a Special Meeting on Tuesday, March 8, 2022 in Council Chambers, 10500 Civic Center Drive, Rancho Cucamonga, California. L. Dennis Michael called the meeting to order at 6:01 p.m.

Present were Members: L. Dennis Michael, Lynne Kennedy, Francisco Oaxaca and Kristine Scott.

Excused: Linda Daniels

Also present were: Lori Sassoon, Deputy City Manager/Administrative Services, Noah Daniels, Finance Director, Linda A. Troyan, City Clerk Services Director and Robin Harris, Legal Counsel (arrived at 6:06pm).

Lynne Kennedy led the Pledge of Allegiance.

**B. ANNOUNCEMENT / PRESENTATIONS**

B1. Administration of Oath of Office to the Rancho Cucamonga EIFD Public Financing Authority Board Members.

Linda Troyan, City Clerk Services Director, administered the Oath of Office to the following members:

L. Dennis Michael, Lynne Kennedy, Francisco Oaxaca and Kristine Scott.

**C. ITEMS FOR DISCUSSION**

C1. Consideration of Adoption of Bylaws, and Establishing the Time and Place of Regular Meetings.

Finance Director Daniels introduced Lori Sassoon, Deputy City Manager, who gave the Staff Report and reviewed the adoption of Bylaws and schedule of regular meetings of the Rancho Cucamonga EIFD Public Financing Authority.

The Bylaws designate the Chair to be the current Mayor of the City of Rancho Cucamonga, L. Dennis Michael; and the Vice-Chair to be the member of the Board of Directors who is representing the Rancho Cucamonga Fire Protection District, Lynne Kennedy.

**MOTION:** Moved by Vice Chair Kennedy, seconded by Board Member Scott, to approve Consent Calendar item C1. Motion carried, 4-0-1; Absent: Daniels.

C2. Overview of the Enhanced Infrastructure Financing District. (Verbal Report)

Finance Director Daniels introduced Joseph Dieguez, Senior Vice President of Kosmont Companies, who gave a verbal report and provided an overview of the Enhanced Infrastructure Financing District.

C3. Consideration to Direct the Preparation of the Infrastructure Financing Plan and Overview of the Infrastructure Financing Plan Adoption Schedule.

Finance Director Daniels provided a Staff Report on the preparation of an Infrastructure Financing Plan and an overview of the adoption schedule.

**MOTION:** Moved by Board Member Oaxaca, seconded by Board Member Scott, to direct the Executive Director of the Authority to prepare the Infrastructure Financing Plan and Receive the Overview of the Infrastructure Financing Plan Adoption Schedule. Motion carried, 4-0-1; Absent: Daniels.

**D. PUBLIC COMMUNICATIONS**

None.

**\*\*DRAFT\*\***

**E. ADJOURNMENT**

The meeting adjourned at 6:31 p.m.

Respectfully submitted,

---

Linda A. Troyan, MMC  
Secretary

Approved: \*\*\*\*\*

# City of Rancho Cucamonga Rancho Cucamonga EIFD Public Financing Authority

**DATE:** April 5, 2022

**TO:** Chairman and Board Members of the Rancho Cucamonga EIFD Public Financing Authority

**FROM:** Lori Sassoon, Deputy City Manager/Administrative Services  
Noah Daniels, Finance Director

**SUBJECT:** Consideration of Agreements for Legal Services with Richards, Watson & Gershon and Best Best & Krieger. (EIFD)

---

**RECOMMENDATION:**

Staff recommends that the Rancho Cucamonga EIFD Public Financing Authority (PFA) approve agreements with Richards, Watson & Gershon (RWG) and Best Best & Krieger (BBK) for legal services and counsel.

**BACKGROUND:**

Pursuant to the Resolution of Intention adopted by the City Council, the PFA is the governing board of the Rancho Cucamonga Enhanced Infrastructure Financing District (EIFD). The EIFD and PFA will require legal services and counsel on the formation proceedings, administration, and to finance public facilities.

**ANALYSIS:**

RWG will provide the PFA and EIFD with basic legal services and counsel, including attendance at PFA meetings, review and preparation of EIFD documents, and any related litigation. These legal services include:

- Review of resolutions, notices, and documents required in the proceedings to form the EIFD;
- Legal counsel to City staff and PFA regarding the application and compliance with California Government Code Section regarding Enhanced Infrastructure Financing Districts (Government Code Section 53398.50-53398.88);
- Examination of proceedings related to the formation of the EIFD; and
- Appearance at all hearings and meetings of the PFA.

BBK will provide the EIFD and PFA with special counsel related to issuance of bonds or other debt obligations to construct public facilities. Legal services by special counsel include legal services noted above when the matter involves considerations for the issuance of debt. Additionally, it includes legal services to validate incremental tax revenues and bond proceeds.

These agreements are on file in the City Clerk's Office.

**FISCAL IMPACT:**

Legal services are paid hourly at the rates set forth in the agreements with RWG and BBK. Staff will monitor the utilization of the EIFD budget for legal services.

## Rancho Cucamonga EIFD

### Public Financing Authority

**DATE:** April 5, 2022

**TO:** Chairman and Board Members of the Rancho Cucamonga EIFD Public Financing Authority

**FROM:** Lori Sassoon, Deputy City Manager/Administrative Services  
Noah Daniels, Finance Director

**SUBJECT:** Presentation of the Infrastructure Financing Plan and Receive Comments Related to the Rancho Cucamonga Enhanced Infrastructure Financing District (EIFD) and Infrastructure Financing Plan (PFA).

---

#### **RECOMMENDATION:**

It is recommended that the Board receive the presentation of the draft Infrastructure Financing Plan (IFP), and receive written and oral comments from the public about the EIFD and the IFP.

#### **BACKGROUND:**

On February 16, 2022, the City Council adopted a Resolution of Intention (ROI) to initiate the establishment to form the Rancho Cucamonga Enhanced Infrastructure Financing District (EIFD) and establish the Rancho Cucamonga EIFD Public Financing Authority (PFA). Additionally, on the same date, the Rancho Cucamonga Fire Protection Board of Directors adopted a Resolution to Participate in the EIFD and have membership in the PFA.

Pursuant to the Resolution of Intention, the PFA was established as the governing board of the proposed EIFD. On March 8, 2022, the PFA ordered the preparation of the Infrastructure Financing Plan as required by California Government Code Section regarding Enhanced Infrastructure Financing Districts (Government Code Section 53398.50-53398.88).

On March 24, 2022, a notice was mailed to each resident and owner of land in the proposed EIFD and each affected taxing entity notifying them of the PFA public meeting on April 5, 2022, to review the IFP, the availability of the IFP on the EIFD website ([www.cityofrc.us/EIFD](http://www.cityofrc.us/EIFD)), and the public hearing on May 10, 2022. The notice was also made available on the EIFD website.

Additionally, on March 24, 2022, the Planning Commission and PFA were emailed the notice, a copy of the ROI, and the draft IFP.

#### **ANALYSIS:**

The draft IFP is Attachment 1 and includes all items required by the EIFD Law. A summary of the key requirements contained in the IFP is provided below.

Map and Legal Description: The proposed EIFD consists of approximately 1,500 acres of largely undeveloped or underdeveloped parcels. The parcels are not a contiguous boundary to capture the growth in assessed value from expected future development. This strategy supports the ability of the EIFD to finance public facilities by optimizing the potential for incremental tax growth after forming the EIFD.

A preliminary boundary is shown in Attachment 2 for reference, as the map and legal description are not included in the IFP. However, all residents and property owners within the preliminary boundary were provided a Notice of their inclusion in the EIFD and have not protested their inclusion.

Public Facilities and Development Proposed to be Financed: The public capital facilities proposed to be financed through the EIFD include:

1. Parking infrastructure and related improvements between Haven Avenue and Day Creek Boulevard along the Foothill Boulevard, and
2. Transportation connectivity improvements linking Cucamonga Station and the area of Haven Avenue and Arrow Route.

The improvements are of communitywide significance and benefit the area of the proposed EIFD and the surrounding community. A list of the public improvements and development that the EIFD may finance is provided in the IFP for reference.

Use of Incremental Tax Revenue: The EIFD will use incremental property tax revenue to finance public facilities, maintenance and operations of those public facilities, and administration of the EIFD. Based on the projected growth of assessed value, the incremental tax revenue that the City and Fire District will allocate over the lifetime of the EIFD is approximately \$256 million. The incremental tax revenue the City and Fire District plan to commit to the EIFD and incremental tax projections expected to be received by the EIFD is detailed in the IFP. The City Council and Fire District will have the opportunity to review and approve the IFP and the proposed use of incremental tax revenue before the formation of the EIFD.

Necessity and Goals of the EIFD: The formation of the EIFD is necessary to finance the construction of public facilities that serve the EIFD boundary and surrounding community while providing significant communitywide benefits. These public facilities will catalyze significant private sector investment and development to support the City's General Plan, facilitate implementation of regional connectivity through various modes of transportation, and provide the infrastructure foundation for the development of critically needed housing in the community and greater region.

Economic and Fiscal Impacts: Establishing the EIFD is a necessary step towards the successful development of the public facilities and other projects of communitywide significance, which will generate significant economic benefits to the City and Fire District. A Fiscal Impact Analysis (Analysis) prepared by Kosmont Companies in March 2022 estimates that the EIFD would add approximately \$146 million and \$57 million on a present value basis for the City and Fire District. In nominal dollars, this is \$363 million and \$175 million for the City and Fire District over the lifetime of the EIFD.

The Analysis estimates the net fiscal impacts for the City and Fire District to provide facilities and services to the EIFD boundary and the taxes, fees, and other revenues expected to be received due to expected development. Based on the Analysis, in Year 20 of the EIFD, the EIFD area will generate an annual net fiscal surplus of approximately \$5.3 million for the City and approximately \$1.2 million for the Fire District. However, in Years 5 and 10 of the EIFD, the EIFD area will generate an annual net fiscal deficit of approximately \$775,000 and \$417,000 for the Fire District.

Additionally, the Analysis highlights the wide-ranging job opportunities generated by the EIFD, including 10,015 direct, indirect, and induced job creation in the City and County. The estimated permanent job capture for the City is estimated to include:

- Office administrative services, *an estimated 634 jobs*
- Retail, *an estimated 2,305 jobs*
- Warehousing and storage, *an estimated 4,182 jobs*
- Tenant-occupied housing, *an estimated 205 jobs*
- Hotels, *an estimated 114 jobs*

All economic and fiscal figures are based on known and foreseeable development in the EIFD. The Analysis does not include the impacts of future private investment and development created by the construction of the public facilities. Thus, the economic and fiscal benefits are presumably greater as the Analysis cannot factor in those impacts since they are indeterminable.

Next Steps: Following the PFA’s public meeting on April 5, 2022, to review the draft IFP, the PFA must hold three public hearings before approval of the final IFP, which are schedule to occur from May through July. The PFA may adopt the IFP at the third public hearing to form the EIFD. The City Council and Rancho Cucamonga Fire Protection Board of Directors must also approve the IFP before the PFA forms the EIFD.

A summary of the key actions for establishing the EIFD, as well as estimated dates of completion, is as follows:

<b>Task</b>	<b>Target Date</b>	<b>Notes</b>
Presentation to Planning Commission on EIFD and draft IFP	April 13, 2022	Statute requires that the Planning Commission be informed about the IFP, make findings of General Plan conformance, and review the CEQA documentation
PFA holds Public Hearing #1	May 10, 2022	Written and oral comments taken on IFP; no action taken
City Council and Fire Board adopt resolutions approving the IFP and contributions of property tax increment	May 18, 2022	Must be adopted before Public Hearing #3. Date subject to change if another taxing entity participates in the PFA.
PFA holds Public Hearing #2	June 14, 2022	Additional comments taken; PFA takes action to approve, modify, or reject IFP
PFA holds Public Hearing #3 and protest proceeding	July 19, 2022	If majority protest exists – takes action to terminate EIFD. If no majority protest, PFA can propose adoption of the IFP and form the EIFD
Staff files EIFD with BOE per guidelines for Change of Jurisdictional Boundaries	Late 2022	

In the event of a majority protest by property owners or residents within the boundaries, the formation proceedings would be discontinued.

**FISCAL IMPACT:**

None by this action.

# 1.0 Introduction

## 1.1 Background & Purpose

**Background.** Pursuant to its Resolution No. 2022-029, which was adopted by the City Council of the City of Rancho Cucamonga on February 16, 2022 (the “Resolution of Intention”) and Part 1 of Division 2 of Title 5 of the California Government Code (the “EIFD Law”), the City Council of the City of Rancho Cucamonga (the “City”) declared its intention to establish the Rancho Cucamonga Enhanced Infrastructure Financing District (“Rancho Cucamonga EIFD” or “District”). Pursuant to the same Resolution No. 2022-029, which was adopted by the City Council on February 16, 2022, the City Council of the City established the “Rancho Cucamonga EIFD Public Financing Authority” (“PFA”) as the governing body of the Rancho Cucamonga EIFD.

Pursuant to its Resolution No. FD 2022-003, which was adopted by the Board of Directors of the Rancho Cucamonga Fire Protection District on February 16, 2022 and the EIFD Law, the Rancho Cucamonga Fire Protection District (“Fire District”) declared its intention to participate in the Rancho Cucamonga EIFD and newly formed PFA.

At its inaugural meeting on March 8, 2022, the PFA directed its Executive Director, who is the City Manager of the City, to prepare an infrastructure financing plan (“IFP”) for the Rancho Cucamonga EIFD.

**Purpose of the Rancho Cucamonga EIFD.** The Rancho Cucamonga EIFD is intended to serve as a catalyst for private sector investment and critical public infrastructure with transformative potential for the Rancho Cucamonga EIFD area and the City as a whole. The Rancho Cucamonga EIFD encompasses approximately 1,500 acres of land, representing approximately 6.0% of the total approximately 25,677 acres in the City limits. The Rancho Cucamonga EIFD includes various non-contiguous, largely undeveloped or underdeveloped parcels with significant potential for new development and/or rehabilitation. These areas were chosen based on their capacity to benefit from catalytic infrastructure improvements with communitywide significance and regional benefit.

## 1.2 Contents and Overview of this Infrastructure Financing Plan (“IFP”)

Pursuant to Government Code Sections 53398.59 through 53398.74, this IFP includes the following information:

- a) A map and legal description of the District, [included herein as Appendix A and Appendix B, respectively.](#)

- b) A description of the public facilities and other forms of development or financial assistance that is proposed in the area of the District, including those to be provided by the private sector, those to be provided by governmental entities without assistance from the District, those public improvements and facilities to be financed with assistance from the proposed District, and those to be provided jointly. The description includes the proposed location, timing, and costs of the development and financial assistance. This information is included in Section 3 of this IFP.
- c) A finding that the development and financial assistance are of communitywide significance and provide significant benefits to an area larger than the area of the District. This information is included in Section 4 of this IFP.
- d) A financing section (included in Section 5 of this IFP), which contains all of the following information:
  - 1) A specification of the maximum portion of the incremental tax revenue of the City and Fire District proposed to be committed to the District for each year during which the District will receive incremental tax revenue. The portion may change over time. Section 5.1 and Table 3 of this IFP details the maximum portion of the incremental property tax revenue of the City and Fire District proposed to be committed to the District throughout the duration of the District lifetime, which is projected to be forty-five (45) years from the date on which the issuance of bonds is approved by the PFA. In summary, the maximum portion of the City's property tax increment is 100% for initial years following formation of the District, decreasing in a gradual manner to approximately 9% at District termination. The maximum portion of the Fire District's property tax increment is 80% for initial years following formation of the District, decreasing in a gradual manner to approximately 5% at District termination. The proposed contribution scenario is intended to focus on funding debt service for bonds issued approximately four to six years following District formation, as well as maintenance of funded infrastructure improvements.
  - 2) A projection of the amount of tax revenues expected to be received by the District in each year during which the District will receive tax revenues. Section 5.2 and Table 3 of this IFP includes a projection of tax revenues to be received by the District by year over the course of the District's lifetime, as described in the previous paragraph. These projections are based on research and analysis of available data at the time of IFP preparation for purposes of illustration. Actual results may differ from those expressed in this document. Appendix C provides additional detail for the projected revenue analysis. See paragraph 5 below for the Rancho Cucamonga EIFD termination date.

- 3) A plan for financing the public facilities to be assisted by the District, including a detailed description of any intention to incur debt. Section 5.3 of this IFP includes a plan for financing the public facilities to be assisted by the District. The PFA intends to incur debt only when it is financially prudent to do so. It is estimated at this time that the Rancho Cucamonga EIFD will provide funding for approximately \$100 million (in present value dollars) of public improvement costs from a combination of tax increment bond or loan proceeds (multiple issuances may be necessary) and pay-as-you-go tax increment funding over the District lifetime.
- 4) A limit on the total number of dollars of taxes that may be allocated to the District pursuant to the plan. The total number of dollars of taxes that may be allocated to the District shall not exceed \$300,000,000 in nominal dollars.
- 5) A date on which the District will cease to exist, by which time all tax allocation to the district will end. The date shall not be more than 45 years from the date on which the issuance of bonds is approved pursuant to subdivision (a) of Section 53398.81, or the issuance of a loan is approved by the governing board of a local agency pursuant to Section 53398.87. The District will cease to exist on the earlier of: (i) forty-five (45) years from the date on which the issuance of bonds is approved by the PFA, or (ii) June 30, 2072. This IFP assumes that the District will be formed in Fiscal Year 2021-2022 and will begin receiving tax revenues in Fiscal Year 2022-2023.
- 6) An analysis of the costs to the City of providing facilities and services to the area of the District while the area is being developed and after the area is developed. The plan shall also include an analysis of the tax, fee, charge, and other revenues expected to be received by the City as a result of expected development in the area of the District. Appendix D to this IFP includes, as part of the Fiscal Impact Analysis, an analysis of the costs to the City for providing facilities and services to the area of the District. Appendix D also includes an analysis of the tax, fee, charge, and other revenues expected to be received by the City as a result of expected development in the area of the District. It is estimated that, at Year 20 of the District lifetime (assumed stabilized buildout of the District area), annual costs to the City will be approximately \$20.2 million. Additionally, annual costs to the Fire District at Year 20 are estimated at \$4.6 million.
- 7) An analysis of the projected fiscal impact of the District and the associated development upon the City and the Fire District. Appendix D to this IFP includes an analysis of the projected fiscal impact of the District and the associated development upon the City and the Fire District, as the only affected taxing entities that are contributing tax increment revenues to the District at this time. It is estimated that, at Year 20 of the District lifetime, the District area will generate an

annual net fiscal surplus of approximately \$5.3 million to the City and an annual net fiscal surplus of approximately \$1.2 million to the Fire District.

- 8) A plan for financing any potential costs that may be incurred by reimbursing a developer of a project that is both located entirely within the boundaries of that District and qualifies for the Transit Priority Project Program, pursuant to Section 65470, including any permit and affordable housing expenses related to the project. At this time, the PFA does not intend to finance any potential costs that may be incurred by reimbursing a developer of a project that is both located entirely within the boundaries of the District and qualifies for the Transit Priority Project Program, pursuant to Section 65470.
- e) If any dwelling units within the territory of the District are proposed to be removed or destroyed in the course of public works construction within the area of the district or private development within the area of the district that is subject to a written agreement with the District or that is financed in whole or in part by the District, a plan providing for replacement of those units and relocation of those persons or families consistent with the requirements of Section 53398.56. The PFA does not anticipate that any housing units will be removed as a result of any project identified in this IFP. However, if any relocation of dwelling units is deemed to be required in the future for a project financed by the District, the PFA will comply with the requirements of Government Code Section 53398.56.
- f) The goals the District proposes to achieve for each project financed pursuant to Section 53398.52. Section 7 of this IFP summarizes the goals of each project to be financed by the District.

## 2.0 Description of the Proposed District

The Rancho Cucamonga EIFD encompasses approximately 1,500 acres of land, representing approximately 6.0% of the total approximately 25,677 acres within the City limits. The Rancho Cucamonga EIFD includes various non-contiguous, largely undeveloped or underdeveloped parcels with significant potential for new development and/or rehabilitation. These areas were chosen based on their capacity to benefit from catalytic infrastructure improvements with communitywide significance and regional benefit.

Land use designations in the District primarily include residential, commercial / hotel / retail / office, industrial, and several public use parcels. Appendix A includes a map of the proposed District, and Appendix B is a legal description of the District.

DRAFT

## 3.0 Description of Proposed Facilities and Development

### 3.1 Anticipated Future Private Development

Anticipated future private development within the Rancho Cucamonga EIFD is summarized in Table 1 below, with greater detail provided in Appendix C. Buildout and absorption of these land uses are forecasted in the first 20 years of the District lifetime.

Table 1: Anticipated Future Private Development

Development Type	SF / Units	AV Per SF / Unit	Estimated AV at Buildout (2022 Nominal Value)
For-sale Residential	1,514 units	\$618,074 per unit	\$936 million
Rental Residential	10,253 units	\$317,440 per unit	\$3.255 billion
Commercial / Retail	922,000 SF	\$274 PSF	\$253 million
Office	222,000 SF	\$211 PSF	\$47 million
Industrial	6,272,400 SF	\$172 PSF	\$1.079 billion
Hotel	171 rooms	\$162,000 per room	\$28 million
<b>Estimated Total</b>			<b>\$5.597 billion</b>

Source: City of Rancho Cucamonga Planning and Economic Development Staff, CoStar Property (2022)

### 3.2 Public Facilities to be Financed with Assistance from the Rancho Cucamonga EIFD

The EIFD Law authorizes the Rancho Cucamonga EIFD to finance the purchase, construction, expansion, improvement, seismic retrofit, or rehabilitation of any real or other tangible property with an estimated useful life of 15 years or longer, if they are of communitywide significance and provide significant benefits to the Rancho Cucamonga EIFD or the surrounding community.

The PFA intends to utilize the District to fund infrastructure projects of communitywide significance that provide significant benefits to the region over the District lifetime. Table 2 identifies the targeted infrastructure improvements to receive EIFD funding over the District's lifetime.

*Table 2: Potential Priority Projects for Receipt of EIFD Funding*

#	PROJECT	ESTIMATED COST	ESTIMATED TIMING
1	Parking infrastructure and related improvements between Haven Avenue and Day Creek Boulevard along Foothill Corridor	\$20-40 million	2028-2032
2	Transportation Connectivity Improvements linking Cucamonga Station and Haven / Arrow focus area	\$40-60 million	2028-2032
<b>Estimated Total Priority Projects</b>		<b>\$60-100 million</b>	

Additional expenditures by the Rancho Cucamonga EIFD, including any use of potential future EIFD bond proceeds, will be subject to approval by the PFA. Eligible expenditures in accordance with Government Code sections 53398.52 and 53398.56 include the purchase, construction, expansion, improvement, seismic retrofit, or rehabilitation of any real or other tangible property with an estimated useful life of 15 years or longer and are projects of communitywide significance that provide significant benefits to the district or the surrounding community. The Rancho Cucamonga EIFD may also finance the ongoing or capitalized costs to maintain public capital facilities financed in whole or in part by the Rancho Cucamonga EIFD. Facilities funded may be located outside the boundaries of the Rancho Cucamonga EIFD, as long as they have a tangible connection to the work of the Rancho Cucamonga EIFD. The Rancho Cucamonga EIFD will also finance planning and design activities that are directly related to the purchase, construction, expansion, or rehabilitation of these projects. Projects financed by the Rancho Cucamonga EIFD may include, but not be limited to, all of the following:

- Highways, interchanges, and ramps;
- Bridges;
- Arterial streets;
- Parking facilities;
- Transit facilities;
- Parks, recreational facilities, and open space;
- Sewage treatment and water reclamation plants and interceptor pipes;
- Facilities for the collection and treatment of water for urban uses;
- Facilities for the transfer and disposal of solid waste, including transfer stations and vehicles;
- Storm water conveyance and collection facilities;
- Flood control levees and dams, retention basins, and drainage channels;
- Child care facilities;
- Libraries;
- Broadband and telecommunications infrastructure;
- Sidewalks and streetscape improvements;
- Bicycle lanes and paths;
- Public art;

The analyses, projections, assumptions, rates of return, and any examples presented herein are for illustrative purposes and are not a guarantee of actual and/or future results. Project pro forma and tax analyses are projections only. Actual results may differ from those expressed in this analysis.

- Corporation yards;
- Police facilities;
- Brownfield restoration and other environmental mitigation;
- Affordable housing as authorized under the EIFD Law;
- Projects that implement a sustainable communities strategy and transit priority projects;
- Acquisition, construction, or repair of industrial structures for private use;
- Acquisition, construction, or repair of commercial structures by the small business occupant of such structures, if such acquisition, construction, or repair is for purposes of fostering economic recovery from the COVID-19 pandemic and of ensuring the long-term economic sustainability of small businesses;
- Projects that enable communities to adapt to the impacts of climate change, including, but not limited to, higher average temperatures, decreased air and water quality, the spread of infectious and vector-borne diseases, other public health impacts, extreme weather events, sea level rise, flooding, heat waves, wildfires, and drought;
- Facilities in which nonprofit community organizations provide health, youth, homeless, and social services.

Other Expenses: In addition to the direct costs of the above facilities, the Rancho Cucamonga EIFD may finance the costs of planning and design work that is directly related to the purchase, construction, expansion or rehabilitation of property, including, but not limited to, the cost of environmental evaluation and engineering and surveying costs; environmental remediation costs; construction staking costs; utility relocation and demolition costs incidental to the construction of the facilities; costs of legal services; and costs of project/construction management.

In addition, the Rancho Cucamonga EIFD may finance any other expenses incidental to the formation, administration<sup>1</sup> and implementation of the Rancho Cucamonga EIFD and to the construction, completion, inspection and acquisition of the authorized facilities, including, but not limited to, the costs of creation and administration of the Rancho Cucamonga EIFD; costs of issuance of bonds or other debt of the Rancho Cucamonga EIFD or of any other public agency (including a community facilities district) that finances authorized facilities, and payment of debt service thereon; financing costs of improvements incurred by developers until reimbursement for the costs of the improvements from the Rancho Cucamonga EIFD; costs incurred by the City,

---

<sup>1</sup> Administration costs refer to the actual or reasonably estimated costs directly related to the administration of the Rancho Cucamonga EIFD, including, but not limited to, the following: the costs of computing annual tax increment revenues and preparing the required annual reporting; the costs of allocation tax increment revenues (whether by the County, the City, or otherwise); the costs to the City, Rancho Cucamonga EIFD, or any designee thereof in complying with disclosure requirements; the costs associated with preparing required disclosure statements and responding to public inquiries regarding the Rancho Cucamonga EIFD; and the costs of the City, Rancho Cucamonga EIFD, or any designee thereof related to any appeal of the implementation of the Rancho Cucamonga EIFD. Administration costs shall also include amounts estimated or advanced by the City for any other administrative purposes, including, but not limited to, attorney's fees or any other expenses incidental to the implementation of the Rancho Cucamonga EIFD.

Fire District, or the Rancho Cucamonga EIFD in connection with the division of taxes pursuant to Government Code section 53398.75; and legal costs.

Targeted improvements would conform to established guidelines in adopted planning documentation, such as the City General Plan.

The PFA intends to continue to identify, evaluate, and pursue additional funding sources and financing mechanisms aside from District tax increment to implement the improvements identified above, potentially including grant sources, complementary district formation (e.g., Mello-Roos Community Facilities District), impact fees, private sector investment incentivized by the formation of the Rancho Cucamonga EIFD itself, and/or other sources.

Private sector developers will be responsible for funding project-specific / fair-share / in-tract infrastructure. Some public facilities included in the Rancho Cucamonga EIFD area are anticipated to be provided by governmental entities without assistance from the District. There are no public facilities anticipated to be provided jointly by the private sector and governmental entities; however, it is possible that private sector developers may advance funding for improvements, and those advances may be partially reimbursed with EIFD proceeds. Such case-specific agreements would come before the PFA for approval at the appropriate time.

In accordance with Government Code Section 53398.69, the Rancho Cucamonga EIFD may expend up to 10 percent of any accrued tax increment in the first two years of the effective date of the Rancho Cucamonga EIFD on planning and dissemination of information to the residents within the Rancho Cucamonga EIFD boundaries about the IFP and planned activities to be funded by the Rancho Cucamonga EIFD, including reimbursement of the City's advanced funding of such eligible costs.

In addition, in accordance with Government Code Section 53398.76, costs incurred by the County of San Bernardino in connection with the division of taxes for the Rancho Cucamonga EIFD are eligible to be paid by the Rancho Cucamonga EIFD.

## 4.0 Finding of Communitywide Significance

Implementation of the District promotes the goals of and is consistent with the City's General Plan, facilitates implementation of regional connectivity through various modes of transportation, and provides the infrastructure foundation for the development of critically needed housing in the community and greater region.

The District supports job creation, housing production, improvement of quality of life, and promotion of environmental sustainability.

Specific communitywide and regional benefits anticipated to be generated by the District include:

- Approx. \$146 million in net fiscal impact to the City over 50 years (on a present-value basis)
- Approx. \$57 million in net fiscal impact to the Fire District over 50 years (on a present-value basis)
- Approx. 11,767 housing units within the District
- 69,452 direct, indirect, and induced temporary, construction-related job-years<sup>2</sup> in the City and County
- 7,440 direct, permanent jobs in the City
- 2,575 additional indirect and induced permanent jobs in the City and County (total of 10,015 direct, indirect, and induced jobs)
- \$8.115 billion in economic output from construction in the City and County
- \$1.136 billion in annual ongoing economic output in the City and County.

---

<sup>2</sup> A job-year is defined as one year of employment for one employee. Over a 20-year construction period, 69,452 job-years translates into approximately 3,473 annual average jobs.

## 5.0 Financing Section

*Projections included in this IFP are based on research and analysis of available data at the time of IFP for purposes of planning and illustration. Actual results may differ from those expressed in this document.*

Aside from the City and Fire District, no other taxing entity is allocating property tax increment to the District at this time. It is anticipated that property tax increment will be utilized on both a “pay-as-you-go” basis as well as security for tax increment bond issuance or loan acquisition.

**Definition of Tax Increment.** For purposes of clarity, the phrases “tax increment,” “incremental property tax” and “incremental tax revenue”, as used in this IFP and the EIFD Law, refer to the portion of future property tax revenue described in Section 53398.75(a)(2) of the EIFD Law, i.e., the difference between (A) and (B) in the following formula:

(A) the taxes that would be produced by the rate upon which the tax is levied each year during the term of the Rancho Cucamonga EIFD upon the total sum of the assessed value of the taxable property in the EIFD in each such year **minus**

(B) the taxes that would be produced by the rate upon which the tax is levied upon the total sum of the assessed value of the taxable property in the Rancho Cucamonga EIFD as shown upon the last equalized roll prior to the effective date of the resolution adopted pursuant to Section 53398.69 of the EIFD Law to create the Rancho Cucamonga EIFD.

In the case of the Rancho Cucamonga EIFD, the resolution adopted pursuant to Section 53398.69 was [is expected to be] adopted on July 19, 2022, and the last equalized roll prior to the effective date of that resolution is the roll for Fiscal Year 2021-2022. Fiscal Year 2021-22 is referred to as the “base year.” The assessed value of the taxable property shown in such last equalized roll is approximately \$729 million. This value is referred to as the “base year value”.

**Overlap with Boundaries of former Rancho Cucamonga Redevelopment Agency.** The Rancho Cucamonga EIFD includes overlap with former Redevelopment Project Area boundaries of the former Rancho Cucamonga Redevelopment Agency, and so property tax revenues generated by the properties within the overlapping area will flow according to the Redevelopment Agency dissolution statutes until all of the Successor Agency’s obligations are retired and the Successor Agency is dissolved (currently anticipated by 2034). The City and Fire District anticipate allocating Redevelopment Property Tax Trust Fund (“RPTTF”) residual revenues to the District as part of the maximum allocations outlined in the following sections. As such, the exhibits included in this plan reflect such allocations.

Where the District boundaries overlap with the boundaries of the former Redevelopment Project Area, any debt or obligation of a District shall be subordinate to any and all enforceable obligations of the former Redevelopment Agency, as approved by the Oversight Board and the Department of Finance.

### **5.1 Maximum Portion of Incremental Tax Revenue Dedicated to the District**

Table 3 details the maximum portion of the incremental property tax revenue of the City and Fire District proposed to be committed to the District throughout the duration of the District lifetime. In summary, the maximum portion of the City's property tax increment is 100% for initial years following formation of the District, decreasing in a gradual manner to approximately 9% at District termination. The maximum portion of the Fire District's property tax increment is 80% for initial years following formation of the District, decreasing in a gradual manner to approximately 5% at District termination. The proposed contribution scenario is intended to focus on funding debt service for bonds issued approximately four to six years following District formation, as well as maintenance of funded infrastructure improvements.

### **5.2 Projection of District Tax Revenues by Year**

Table 3 provides an overview of the projected growth of assessed value, property tax increment, and City and Fire District allocations to the District over the District lifetime. It is expected that a total of approximately \$255,688,000 of incremental tax revenues will be allocated to the District over the District lifetime (approximately \$99,634,000 from the City and approximately \$160,968,000 from the Fire District). These projections are based on research and analysis of available data at the time of IFP preparation for purposes of illustration. Actual results may differ from those expressed in this document. Appendix C provides additional detail for the projected revenue analysis.

### **5.3 Plan for Financing Public Facilities**

The PFA intends to utilize numerous funding sources and financing mechanisms to implement the improvements identified in Section 3.2, potentially including District tax increment, grant sources, complementary district formation (e.g., Community Facilities District), impact fees, private sector investment incentivized by the formation of the Rancho Cucamonga EIFD itself, and/or other sources.

As it pertains to the use of District tax increment, the PFA intends to incur debt only when it is financially prudent to do so. It is estimated at this time that the Rancho Cucamonga EIFD will provide funding for approximately \$100 million (in present value dollars) of public improvement costs from a combination of tax increment bond or loan proceeds (multiple issuances may be necessary) and pay-as-you-go tax increment funding over the District lifetime

#### **5.4 Limit on Total Dollars Allocated to the District**

The total number of dollars of taxes that may be allocated to the District shall not exceed \$300,000,000 in nominal dollars over the District lifetime.

The City hereby irrevocably allocates all of the City's share of tax increment as characterized herein to the Rancho Cucamonga EIFD to the extent that: (i) the City's share of increment is necessary to repay bonds, notes or related agreements or to meet contractual obligations that the Rancho Cucamonga EIFD is obligated to satisfy with Rancho Cucamonga EIFD tax increment, and (ii) prior to the PFA incurring an obligation under subsection (i), such bonds, notes, agreements or obligations have been approved by the City Council.

#### **5.5 District Termination Date**

The District will cease to exist the earlier of: (i) forty five (45) years from the date on which the issuance of bonds is approved by the PFA, or (ii) June 30, 2072. This IFP assumes that the District will be formed in Fiscal Year 2021-2022 and will begin receiving tax revenues in Fiscal Year 2022-2023.

#### **5.6 Analysis of Costs to Provide Facilities and Services**

Appendix D to this IFP includes, as part of the Fiscal Impact Analysis, an analysis of the costs to the City for providing facilities and services to the area of the District while the area is being developed and after the area is developed. It is estimated that, at Year 20 of the District lifetime (assumed stabilized buildout of District area), annual costs to the City will be approximately \$20.2 million to service the area of the District. Additionally, annual costs to the Fire District at Year 20 are estimated at \$4.6 million.

#### **5.7 Fiscal Impact Analysis**

Appendix D to this IFP includes an analysis of the projected fiscal impact of the District and the associated development upon the City and the Fire District, as the only affected taxing entities that are allocating tax increment revenues to the District. Table 4 presents an overview of fiscal impacts to the City and Fire District. It is estimated that, at Year 20 of the District lifetime, the District area will generate an annual net fiscal surplus of approximately \$5.3 million to the City and an annual net fiscal surplus of approximately \$1.2 million to the Fire District. Over 50 years, it is estimated that District activity will generate a positive net fiscal impact of approximately \$146 million for the City and approximately \$58 million for the Fire District on a present-value basis. This is in addition to the Community economic benefits outlined in Section 4 of this IFP (e.g., housing, jobs, mobility and connectivity, quality of life, environmental sustainability).

Table 3: Projection of District Revenues by Year

Fiscal Year	Incremental Assessed Value	Property Tax Increment @ 1% General Levy	City Contribution				Fire District Contribution				Total Taxes Allocated to EIFD
			Average City Share Available	City Increment Available	Portion of City Share Allocated	City Increment Allocated	Average Fire District Share Available	Fire District Increment Available	Portion of Fire Share Allocated	Fire Increment Allocated

Table 4: Overview of Fiscal Impacts to City and Fire District

	Annual (Stablized Year 20)	Year 0-50 Nominal Total	Year 0-50 Present Value @ 3.0%
<b>City of Rancho Cucamonga</b>			
Estimated Fiscal Revenues (Net of Allocation of TI to EIFD)	\$25,486,770	\$1,622,088,000	\$651,158,500
Estimated Fiscal Expenditures	\$20,218,100	\$1,257,660,100	\$505,229,600
<b>Estimated Net Fiscal Impact to City</b>	<b>\$5,268,670</b>	<b>\$364,427,900</b>	<b>\$145,928,900</b>
<b>Rancho Cucamonga Fire Protection District</b>			
Estimated Fiscal Revenues (Net of Allocation of TI to EIFD)	\$5,795,350	\$463,975,600	\$172,055,900
Estimated Fiscal Expenditures	\$4,613,300	\$286,979,900	\$115,294,800
<b>Estimated Net Fiscal Impact to Fire District</b>	<b>\$1,182,050</b>	<b>\$176,995,700</b>	<b>\$56,761,100</b>

### 5.8 Developer Reimbursement for Transit Priority Project

The PFA does not intend to finance any potential costs that may be incurred by reimbursing a developer of a project that is both located entirely within the boundaries of the District and qualifies for the Transit Priority Project Program, pursuant to Section 65470. To the extent that a developer is willing to fund Transit Priority Project infrastructure expenditures beyond and in advance of said developer's fair share (not contemplated at this time), the PFA may consider and evaluate such reimbursement at the appropriate time.

# 6.0 Removal of Dwelling Units and Replacement Housing Plan

The PFA does not anticipate that any housing units will be removed as a result of any public works construction within the area of the District or private development within the area of the District that is subject to a written agreement with the District or that is financed in whole or in part by the District. However, if any relocation of dwelling units is deemed to be required in the future for a project financed by the District, the PFA will comply with the requirements of Government Code Section 53398.56.

## 7.0 Goals of the District

As stated in the Resolution of Intention, the goal of the Rancho Cucamonga EIFD is to assist in the provision of public facilities of communitywide significance that provide significant benefits and promote economic development within the boundaries of the Rancho Cucamonga EIFD or the surrounding community and, for those facilities located outside the Rancho Cucamonga EIFD boundaries which also have a tangible connection to the Rancho Cucamonga EIFD.

More specifically, the goals of the District's implementation of the public facilities outlined in Section 3.2 are to support the City's General Plan, facilitate implementation of regional connectivity through various modes of transportation, and to provide the infrastructure foundation for the development of critically-needed housing in the community and greater region. The District additionally aims to implement Statewide policy goals of housing supply and sustainable infrastructure investment.

Additional objectives include economic development in the form of fiscal revenue generation for the City and other taxing entities, job creation, housing production, improvement of quality of life, and promotion of environmental sustainability. The District will be utilized to address critical infrastructure funding needs, which are critical to catalyze private sector investment and development.

Use Tax as % of Sales Tax	11.50% \$434,306	\$525,155	\$608,799	\$705,765
<b>Sales and Use Tax to City - Direct</b>	<b>\$4,210,900</b>	<b>\$5,091,700</b>	<b>\$5,902,700</b>	<b>\$6,842,900</b>

Notes:

Analysis assumes approximately 10% of industrial uses will generate locally allocated sales tax. Based on Kosmont research, local allocation varies widely according to various factors, such as location of seller's registered office of business, location of goods at time of sale, and method of delivery to the customer. Sales may be allocated to the jurisdiction of the fulfillment center, the jurisdiction of the seller's registered office, or the Countywide pool.

County sales tax for transportation based on Measure I (0.5%), Revenue and Taxation Code Section 7203.1 (0.25%)

Does not include additional sales tax allocation for public safety from Proposition 172 (collected by State BOE and apportioned to counties based on proportionate share of taxable sales)

Taxable sales PSF factor escalated 3% annually

Select years shown for illustration.

Summary of IMPLAN Economic Benefits

**Economic Benefits from Construction (One-Time / Short-Term)**

	<b>Employment</b>	<b>Labor Income</b>	<b>Economic Output</b>
Direct (On-Site)	53,072	\$3,590,719,145	\$5,596,502,532
Indirect	4,416	\$233,897,654	\$705,771,484
Induced	11,965	\$556,461,858	\$1,812,629,755
<b>Total Countywide</b>	<b>69,452</b>	<b>\$4,381,078,657</b>	<b>\$8,114,903,770</b>
<b>Estimated City Capture</b>	<b>53,891</b>	<b>\$3,630,237,121</b>	<b>\$5,722,422,594</b>

**Economic Benefits from Ongoing Operation (Annual)**

	<b>Employment</b>	<b>Labor Income</b>	<b>Economic Output</b>
Direct (On-Site)	7,440	\$323,914,005	\$757,152,868
Indirect	1,411	\$66,532,298	\$202,224,372
Induced	1,163	\$54,129,137	\$176,526,832
<b>Total Countywide</b>	<b>10,015</b>	<b>\$444,575,439</b>	<b>\$1,135,904,072</b>
<b>Estimated City Capture</b>	<b>7,569</b>	<b>\$329,947,077</b>	<b>\$776,090,428</b>

Notes

100% of direct benefits estimated to be captured on-site within the City.  
 5% of indirect and induced benefits estimated to be captured off-site within the City.  
 Estimated ongoing benefits upon build-out and stabilization.
