DROUGHT & WATER CONSERVATION

To comply with statewide water conservation mandates, the City of Rancho Cucamonga has stopped irrigation of "non-functional" turf within some City parkways. This does not include trees and grass used for recreation, such as sports fields, school yards, and parks.

For more information on water regulations and the drought, visit www.cityofrc.us/droughtinfo.

With the funds collected, PD-85 maintains landscaping in public areas such as lawn mowing and fertilizing, tree and shrub trimming, road and sidewalk and parking lot maintenance, irrigation system maintenance, and operation of parks lighting, restroom cleaning, and maintenance of equestrian facilities, playground equipment, picnic facilities, athletic facilities, and water features at the following parks:

1. Heritage Park
2. Red Hill Community Park
