

2026 City Council Goals

These 2026 goals were developed and updated at the February 2026 City Council goal-setting session and adopted at the March 4, 2026, City Council meeting. As noted, many of these programs and projects are multi-year in nature.

The City Council identified the following set of strategic goals to accomplish within the next three years:

- 1. By the end of July 2026, implement the Drones as First Responders Program.**
- 2. By the end of December 2026, a schematic design of a Fire Administration building and Emergency Operations Center (EOC) will be ready for submittals.**
- 3. By the end of September 2027, present to the City Council an update on the ATMS Master Plan.**
- 4. By the end of January 2027, present to the City Council a draft of The Next 50: a Strategic Plan for Fiscal Sustainability.**
