Progress Report

CR-05 Goals and Outcomes

Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)

This 2025-2026 Consolidated Annual Performance and Evaluation Report (CAPER) is the City of Rancho Cucamonga's report to the U.S. Department of Housing and Urban Development (HUD) describing the use of federal Community Development Block Grant (CDBG) funds. The CDBG program provides a wide range of eligible activities that provide decent housing, create suitable living environments, and expand economic opportunities for low- and moderate-income persons.

The five-year Consolidated Plan establishes priorities and goals used to guide decisions about the specific projects and activities that receive CDBG funding every year in the Annual Action Plan (AAP). The City implements some projects and activities directly and awards funds to non-profit or public organizations that implement programs in furtherance of the Consolidated Plan goals.

This CAPER provides the City's progress report for the first Program Year of the 2025-2029 Consolidated Plan, covering the period from July 1, 2025, to June 30, 2026. For the 2025-2026 Program Year, the City received \$1,045,705 of CDBG funds from HUD. When combined with prior year resources, a grand total of \$1,325,499 of CDBG funds were allocated to projects in the 2025-2026 AAP. Together with other federal, state and local investments, HUD resources allowed the City and its partners to address the high-priority needs identified in the 2025-2029 Consolidated Plan.

Table 1 provides a summary of the five-year goals, one-year goals, and one-year accomplishments for the period ending June 30, 2026, arranged by each of the Strategic Plan Goals included in the 2025-2029 Strategic Plan of the Consolidated Plan.

Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)

Assess how the jurisdiction's use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

Each of the housing, public service, and capital improvement activities receiving CDBG funds in the City's Action Plan address specific high-priority needs identified in the 2025-2029 Consolidated Plan. **Table 1** on the previous page provides a summary of the City's accomplishments and the one- and five-year goals of the 2025-2026 AAP and the 2025-2029 Consolidated Plan, respectively, as of June 30, 2026. Based on the information in **Table 1**, the City and its housing and community development partners made progress towards each of the goals included in the 2025-2029 Consolidated Plan. The program accomplishments for each category are discussed below:

- **Public Services:** 924 unduplicated persons were served.
- **Public Facilities and Infrastructure Improvements:** 16,330 unduplicated persons were served.
- **Affordable Housing Preservation:** 10 unduplicated households were served.
- **Economic Development:** 4 unduplicated businesses were served.
- **Fair Housing Services:** 81 unduplicated persons were served.

Each of the activities that were underway during the 2025-2026 Program Year are listed in Figure 1 on the following page, including the amount of funds allocated to the activity and the amount spent as of June 30, 2026. Figure 2 provides the numeric accomplishment goal for each activity and the level of accomplishment as of June 30, 2026.

NOTE: This table generated by HUD’s database provides the resources made available in the 2025-2026 Action Plan and the total CDBG expenditures during the 2025-2026 Program Year. The amount expended may include prior year activities that were completed during the 2025-2026 Program Year.

Narrative

The 2025-2026 HUD formula grant resources allocated in the AAP for the implementation of projects are identified in **Table 3**. The total resources allocated in the 2025-2026 AAP includes \$1,045,705 in CDBG funds. When combined with prior year resources, a grand total of \$1,325,499 in CDBG funds were allocated to projects in the 2025-2026 AAP. Together with other federal, state, and local investments, these resources allowed the City and its partners to address the high-priority needs identified in the 2025-2029 Consolidated Plan.

Narrative

During the 2025-2026 Program Year, the City allocated 100 percent of its non-administrative CDBG funds to projects and activities that benefit low- and moderate-income persons throughout the City. It is important to note that due to the nature of certain public service activities such as Bringing Healthy Home and CHAMPS, those are generally limited to the eligible low- and moderate-income service areas, while most other public services are available citywide.

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

To address housing and community development needs, the City and its partners utilize the CDBG funds to leverage appropriate federal, state, local, and private resources to maximize the effectiveness of available funds.

During the program year, the City did not identify nor did it use any publicly owned land or property located within the jurisdiction to address the needs identified in the Consolidated Plan. The City does not currently own land or property that is suitable for use in addressing the needs identified in the Consolidated Plan. Additional leveraging opportunities include, but are not limited to, those listed below:

Federal Resources

- Continuum of Care (CoC) Program
- HUD Veterans Affairs Supportive Housing (HUD-VASH)
- Supportive Housing for the Elderly (Section 202)
- Supportive Housing for Persons with Disabilities (Section 811)
- YouthBuild
- Federal Low-Income Housing Tax Credit (LIHTC) Program

State Resources

- State Low-Income Housing Tax Credit Program
- Building Equity and Growth in Neighborhoods Program (BEGIN)
- Permanent Local Housing Allocation (PLHA)
- CalHome Program
- Multifamily Housing Program (MHP)
- CalHFA Single and Multi-Family Program
- Mental Health Service Act (MHSA) Funding
- Justice Assistance Grant (JAG) Program
- Homeless Emergency Aid Program (HEAP)
- Project Roomkey

Local Resources

- San Bernardino County Homeless Partnership (SBCHP)
- Housing Authority of the County of San Bernardino (HACSB)
- Southern California Home Financing Authority (SCHFA) Funding
- San Bernardino County Continuum of Care Program
- General Fund

Private Resources

- Federal Home Loan Bank Affordable Housing Program (AHP)
- Community Reinvestment Act Programs
- United Way
- Private Contributions

Matching Requirements

The CDBG regulations do not require a match contribution. However, the City encourages its awarded partners to leverage CDBG funds to further aid in the assistance provided to its residents.

Evaluation of the jurisdiction's progress in providing affordable housing, including the number and types of families served, the number of extremely low-income, low-income, moderate-income, and middle-income persons served.

Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

As the City's housing stock ages, a growing percentage of housing units may need rehabilitation to allow them to remain safe and habitable. This issue is of particular concern for low- and moderate-income homeowners who often lack the financial resources to undertake necessary repairs, leaving them vulnerable to housing instability or displacement. As such, preservation of affordable housing was identified as a high priority need in the 2025-2029 Consolidated Plan and a Strategic Plan goal was established to provide the framework necessary to invest CDBG funds to address affordable housing needs including the rehabilitation of existing homes.

Tables 5 and 6 indicate the number of households supported with affordable housing assistance through the CDBG program during the 2025-2026 Program Year.

Affordable housing renovations are typically multi-year projects and are subject to the ability to secure funding from various sources. Often, the ability to meet the anticipated goals is dictated by various factors that can create disparities between goals and actual outcomes such as funding availability, rising costs of raw materials, timing, and project schedules. Unexpected challenges are commonly encountered during the repair phase of the project which causes delays that impact project delivery.

In addition, the City continues to address affordable housing needs via its participation in the HOME Consortium and through fair housing services to ensure equal access to housing opportunities for low- and moderate-income people.

Discuss how these outcomes will impact future annual action plans.

The 2025-2029 Consolidated Plan identified a high priority need to preserve the supply to affordable housing. During the 2025-2026 Program Year, the City invested CDBG funds in the rehabilitation of 10 owner-occupied housing units. In addition, the City currently has multiple households that have been approved under the Home Improvement Program and are currently in different stages of the process. These project are anticipated to be completed during the 2026-2027 program year.

In addition, during the 2025-2026 program year, the City awarded CDBG funds to Inland Valley Hope Partners (IVHP) who was able to provide emergency assistance to 13 unduplicated residents by providing financial assistance in the form of rental, rental arrear, and utility payments.

In future AAPs, the City anticipates continuing to invest CDBG funds to address the rehabilitation of existing substandard housing. As community needs change the City may need to undertake additional activities to best achieve the City's ability to meet its affordable housing goals. All future AAPs will provide additional information on any on-going affordable housing activities and the City will continue to assess and determine affordable housing needs that best utilize available funding sources.

Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.

Narrative Information

The 2025-2029 Consolidated Plan identified high-priority affordable housing needs including preserving the supply of affordable owner-occupied housing. To preserve housing that is already affordable to low- and moderate-income homeowners, the City's Home Improvement Program provided a combination of grants and loans to 10 households during the Program Year. Of those assisted, two (2) households were extremely low-income, three (3) were low-income, and five (5) were moderate income.

The City's collaboration with Inland Valley Hope Partners (IVHP) provided financial assistance for rental, rental arrear payments, and case management services to prevent homelessness for 100 unduplicated residents during the 2025-2026 PY. The 100 residents served included 79 extremely low-income residents, 22 low-income residents and five (5) moderate-income households.

To address what HUD defines as "worst case housing need" the City provided funds for the preservation of the physical and functional integrity of existing housing units occupied by low- and moderate-income residents who would otherwise continue to live in substandard housing because they were not in the financial position to properly maintain their home. This includes attempts to meet the needs of persons with disabilities by making necessary improvements which aid the mobility of the elderly and physically disabled such as shower units with seats, handrails, ramping and reconstructing doorways.

Addressing substandard housing conditions through housing preservation activities is a cost-effective way to invest limited resources to extend the lifespan of properties that are already affordable to low- and moderate-income homeowners, improve safety and habitability, and support aging in place.

Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The most recent San Bernardino County Point-In-Time Homeless Count (PIT Count) conducted in 2026 revealed that on any given night in San Bernardino County, approximately 3,718 people are homeless, down from 3,837 counted in a prior effort undertaken in 2025. This includes 1,270 people in shelters and 2,448 people without shelter. In Rancho Cucamonga 97 people were counted who did not have shelter and 4 people counted who were sheltered, for a total of 101 homeless residents.

To reach out to unsheltered homeless persons and assess their individual needs for the purpose of connecting them with available emergency shelter and transitional housing resources, the City, through its Sheriff's Homeless Outreach and Proactive Enforcement (HOPE) Team provided information and referrals – primarily to the San Bernardino County Continuum of Care (CoC), United Way 2-1-1, and the organizations receiving CDBG funds for homelessness prevention activities.

During the 2025-2026 Program Year, the City awarded two (2) contracts to non-profit organizations using CDBG funds totaling \$32,000 to meet its specific objectives to provide public services that prevent and eliminate homelessness.

- Foothill Family Shelter: Stepping Stones Housing and Food Security (315 residents served).
- Inland Valley Hope Partners: Food Security/Family Stabilization Program (100 residents served, including 13 specifically with rental assistance)
- Additionally, the City's partnership with the San Bernardino County CoC and Sheriff's Homeless Outreach and Proactive Enforcement (HOPE) team provides intensive, field-based engagement services and support that meets clients and their families where they live. As a result, the City has been able to leverage its partnerships with the County agencies to bolster its homeless outreach.

Addressing the emergency shelter and transitional housing needs of homeless persons

To address the emergency shelter and transitional housing needs of homeless persons, the City continues to support the Foothill Family Shelter program that provides transitional housing, counseling, and case management to individuals experiencing homelessness as well as families at risk of homelessness. During the Program Year, Foothill Family Shelter served 315 unduplicated persons via its Housing and Food Security program.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

To help low-income individuals and families avoid becoming homeless, the City supported Inland Valley Hope Partners' Stepping Stones Food Security and Family Stabilization program which provided 100 unduplicated persons with a five-day food supply. More specifically, these services assisted in minimizing these individual's food costs thereby enabling them to utilize their limited resources on other key necessities such as housing, childcare, and transportation. Of the 100 unduplicated persons served by Inland Valley Hope Partners', 13 unduplicated persons were assisted with direct financial assistance to pay for rental and/or rental arrears to prevent homelessness.

SB 1152 requires hospitals to develop a written homeless patient discharging planning policy that coordinates services and referrals with regional social services agencies, medical care and county behavioral services.

Inadequate discharge planning and coordination contributes to homelessness in situations where people are released from public institutions or public systems of care without having an appropriate mainstream or supportive housing option available upon discharge from an institutional setting. Public institutions such as jails, hospitals, treatment facilities, mental health facilities, youth facilities, and foster care homes are central to limiting the creation of newly homeless persons upon discharge.

In California, discharge coordination and planning are largely unregulated unless county or municipal ordinances provide rules preventing public institutions from discharging people into homelessness. One of the goals included in the San Bernardino Ten-Year Strategy to End Homelessness is to formalize protocols and improve the coordination of discharge planning among key institutional systems of care and supervision. The goal calls for the CoC to close the "front door" to homelessness so that new people do not find themselves living in the community without the social and economic support necessary to access and maintain themselves in a safe environment.

The City coordinated with the CoC and other subrecipients receiving CDBG funds to ensure that its HUD-funded programs are targeted, to the greatest extent feasible, to address the discharge of persons from publicly funded institutions or systems of care so that these individuals and families have access to public services and affordable housing opportunities necessary to prevent homelessness. The City will continue to explore additional ways to prevent and address homelessness caused by discharge from public institutions.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

To address the needs of homeless families, families with children, veterans and their families, the City provided \$32,000 of CDBG funds for public service programs through two (2) contracts with non-profit organizations. These programs help individuals and families achieve stability through a housing first approach.

Each of these programs provides tailored counseling and case management services to people at risk of homelessness. During the 2025-2026 program year, Foothill Family Shelter served 315 unduplicated people through its 120-Day Stepping Stones project. Additionally, Inland Valley Hope Partners served 100 unduplicated people through its Food Security/Family Stabilization Program. When paired with financial counseling, career coaching, and other available case management services, the City's non-profit partners make certain that individuals and families have the tools necessary to succeed.

Additionally, the City's partnership with the San Bernardino County CoC and Sheriff's Homeless Outreach and Proactive Enforcement (HOPE) team provides intensive, field-based engagement services and support that meets clients and their families where they live. As a result, the City has been able to leverage its partnerships with the County agencies to bolster its homeless outreach.

Actions taken to address the needs of public housing

There are no public housing developments in the City. The data presented below is for the Housing Authority of the County of San Bernardino (HACSB) and the narrative questions address the needs for the entire County, with specific references to the City.

According to the 2022 Annual Report, the HACSB has one (1) Public Housing unit remaining. All public housing programs consist of Housing Choice and Project-Based Housing Choice Vouchers administered by the HACSB. The HACSB administered a total of 10,395 Housing Choice Vouchers, serving a total of 24,314 individuals (2023-2024 Annual Report). Of those, approximately 980 or 9.4 percent of all vouchers in San Bernardino County were utilized by low-income Rancho Cucamonga residents. HACSB monitors all units to ensure they are in adequate condition, meeting the Section 8 Housing Quality Standards (HQS).

HACSB continues to maintain and expand the supply of affordable housing units in the City and throughout the County through its partnerships with the State of California and San Bernardino County Department of Community Development and Housing. As the largest provider of affordable housing in San Bernardino County, HACSB assists approximately 27,800 people, most of whom are seniors, individuals with disabilities, veterans, and children. As of January 1, 2025, more than 11,500 families are served through housing assistance payments made to landlords on behalf of the families. Other families reside in units owned and managed by HACSB. These programs provide a critical safety net for families in the County.

Due to rising rents and low vacancy rates in San Bernardino County, HACSB worked with HUD to expand its Local Payment Standards Moving to Work (MTW) initiative to allow HACSB to be more adaptable to changing market rents. In 2023, HACSB modified their Local Payment Standards MTW Initiative to allow them to make mid-year changes to their Local Payment Standards for MTW vouchers. With these changes, if market rents shifted suddenly and dramatically, HACSB would have been able to adjust their Local Payment Standards to adapt to the current market. Through the Local Payment Standards initiative, 1,942 families have leased units that would have been out of reach under traditional program regulations, and leasing in areas of opportunity increased by 17.6% (Proposed FY 2026 Moving to Work Annual Plan, HACSB).

HACSB developed a MTW initiative that allowed HACSB to create temporary financial incentive programs for landlords who enter into a lease with a new Housing Choice Voucher (HCV) participant, as well as create a damage mitigation program to help offset the cost of tenant-caused damages. The first step was HACSB's Landlord Signing Bonus, which provided an incentive payment of \$1,000 to landlords for each unit newly leased to a HACSB MTW voucher program participant. During the 2022-2023 program year, HACSB was able to pay \$895,193 to landlords through the Landlord Signing Bonus program (HACSB Annual Report 2022).

Actions taken to encourage public housing residents to become more involved in management and participate in homeownership

HACSB encourages residents to be actively involved in the community and in the management of public housing developments through resident councils and numerous opportunities for feedback such as community meetings and surveys. HACSB and the City also actively encourage and promote public housing residents to explore homeownership opportunities and programs through HACSB's Homeownership Assistance Program (HAP) targeted at current residents. Since its inception, HACSB's HAP has helped over 266 low-income families. HACSB also encourages and supports residents in participating in homebuyer counseling programs and recommends residents use the family self-sufficiency escrow account to save money towards homeownership. Under the Family Self-Sufficiency (FSS) Program, participants develop a five-year training and service plan that outlines the steps to become employed, increase their earnings, and become independent of government assistance. Upon graduation of the FSS Program, graduates are allowed to use the escrow account funds towards homeownership. The program served 140 households and had seven (7) households graduated with over \$92,000 in escrow savings. It is reported that current participants have accrued approximately \$200,000 in escrow savings. The savings were reportedly used for paying down payments to purchase a home, build a small business, pay for education, and other self-sufficiency activities (HACSB 2022 Annual Report).

Under the Housing Authority's HAP program, families are provided mortgage assistance for up to 15 years for working families and up to 30 years for disabled families. A total of 276 clients have become homeowners through the program since 2000 (FY 2026 MTW Plan).

In addition, the City provided several resources on services for foreclosure prevention and counseling.

Actions taken to provide assistance to troubled PHAs

Not applicable. The HACSB is designated as a High Performing Public Housing Agency.

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

A barrier to affordable housing is a public policy or nongovernmental condition that constrains the development or rehabilitation of affordable housing, such as land use controls, property taxes, state prevailing wage requirements, environmental protection, cost of land and availability of monetary resources. Barriers to affordable housing are distinguished from impediments to fair housing choice in the sense that barriers are lawful and impediments to fair housing choice are usually unlawful.

Based on information gathered during community meetings, the Consolidated Plan Survey, the 2021-2029 Housing Element and market analysis, the primary barriers to affordable housing in the City continue to be housing affordability and the lack of monetary resources necessary to develop and sustain affordable housing. The two barriers are related in the sense that demand for affordable housing exceeds the supply and insufficient resources are available to increase the supply of affordable housing to meet demand.

To address housing affordability and the lack of monetary resources for affordable housing, the 2025-2029 Consolidated Plan included strategies that invested a significant portion of CDBG funds for the rehabilitation of 75 affordable owner-occupied housing units during the five-year planning period. Although the City no longer has access to Redevelopment Housing Set-Aside funds, the City continued to leverage its CDBG funds to attract private and other available public resources.

In the development of the 2021-2029 Housing Element, the City evaluated significant public policies affecting affordable housing development such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges and growth limitations. Based on this evaluation, the City determined that it has taken all necessary steps to ameliorate the negative effects of public policies that may have been a barrier to affordable housing. Moreover, the City is actively engaged with affordable housing developers concerning the siting of affordable housing and ensuring that the entitlement process runs smoothly from inception to completion. Action plans identified in the City's 2021-2029 Housing Element included but were not limited to:

- Continued efforts to promote the conservation of mobile home parks through implementation of the Mobile Home Accord (Program HE-7) that serves as a rent stabilization agreement between the City and mobile home park owners, implementation of the Mobile Home Rental Assistance (Program HE-8) that provides a monthly rental subsidy to low-income mobile home households, and through the enforcement of Title 24 as it applies to mobile homes to ensure mobile homes meet applicable building code requirements.

- Development of procedures to monitor the development of vacant and nonvacant sites in the sites inventory and ensure that adequate sites were available to meet the remaining Regional Housing Needs Allocation (RHNA) by income category throughout the 6th cycle planning period.
- Explored a system that established target densities by land use district and an in-lieu fee system that requires developers to pay a fee if the proposed project fell below the targeted densities.
- Developed incentives and tools to facilitate ADU construction that included:
 - Fee waivers or reductions beyond State requirement;
 - Pre-approved site/floor plans;
 - Website information on resources and technical assistance; and
 - Guidance handbook for property owners looking to construct Accessory Dwelling Units (ADUs).
- Provided fee underwriting, fee deferral, public improvements, and/or permit fast-tracking for housing affordable to lower income households, prioritizing projects that included units affordable to extremely low-income households.
- Continued to evaluate and improve the permit processing procedures to facilitate residential development.
- Continued to study the feasibility of an inclusionary housing ordinance.
- Updated the Development Code to address the provision of special needs housing specifically for Low Barrier Navigation Centers (AB 101), Emergency and Transitional Housing (AB 139), Supportive Housing (AB 2162), Large Residential Care Facilities, and Definition of Family.
- Updated the Development Code to incorporate the new density bonus provisions which allowed for approval of development incentives such as reduction in certain development standards such as reduced setbacks, reduced public/private open space, increased maximum lot coverage and increased building height.

Key improvements and bonuses included to help increase the development of affordable housing included but were not limited to:

- Construction of ADUs provide for an important source of affordable housing for persons and families of low and moderate income. An ADU is defined as “an attached or detached residential dwelling unit which provides complete independent living facilities for one or more persons. It shall include permanent provisions for living, sleeping, eating, cooking and sanitation on the same parcel as a single-family or multi-family dwelling is situated”. The City adopted an updated accessory dwelling unit (ADU) ordinance in 2020 which complied with State requirements. Per the ordinance, ADUs are permitted by-right in any zone in which residential development is permitted and on any parcel with an existing or proposed single or multi-family residence.

- A Housing Program was added to update Development Code Chapter 17.46 to comply with the new State provisions related to affordable housing density bonuses. The City's Affordable Housing Incentives/Density Bonus Provisions assisted in the development of affordable housing opportunities in accordance with Government Code § 65915-65918. These provisions allowed a density bonus and other regulatory concessions to provide incentives for "the production of housing for very low income, lower income, moderate income, and senior households" to "facilitate the development of affordable housing" within the City. The provisions functioned by allowing a reduction in development standards in exchange for the development of affordable housing units. Regulatory concessions act as incentives, which included reduced building setbacks, reduced open space, increased lot coverage, increased maximum building height, reduced on-site parking standards, reduced minimum building separation requirements, or other site or construction conditions applicable to residential development.
- The City's Community Development home page provided links to an online permit center, development fees, the development code, and other development information at <https://www.cityofrc.us/community-development>.

The following were steps the City took to reduce government constraints and increase the efficiency in processing for improving and developing housing as defined in the 2021-2029 Housing Element:

- Development Review Process - Incorporated new policies, codes, and procedures that reduced procedural delays, provided information early in the development process regarding development costs, and charged only those fees necessary to adequately carry out needed public services and improvements.
- Fee Schedule - Reviewed and updated the City's fee schedule and the methodology on which the fees are based to determine the necessary costs for providing adequate public services and public improvements to ensure the continued health, safety, and welfare of the community.
- Development Review Process - Facilitated the development review process for new housing through multiple techniques, including staff assistance, public information, articles in the City's newsletter, informal meetings with applicants, and Preliminary Review applications to address technical issues and facilitate the production of quality housing.
- Development Standards - Evaluated and adjusted residential development standards, regulations, and processing procedures that were determined to constrain housing development, particularly housing opportunities for lower and moderate-income households and for persons with special needs.

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

The primary obstacles to meeting the underserved needs of low- and moderate-income people include lack of funding from federal, state and other local sources, the high cost of housing that is not affordable to low-income people, and the lack of availability of home improvement financing in the private lending industry.

To address these obstacles, the City continued to invest CDBG funds through the 2025-2026 AAP in projects that provided assistance to low- and moderate-income homeowners for home improvements, projects that provided public and neighborhood services to low- and moderate-income people and projects that prevented homelessness.

To address underserved needs, the City allocated 100 percent of its non-administrative CDBG investments for Program Year 2024-2026 to projects and activities that benefit low- and moderate-income people.

The City used its CDBG funds to leverage appropriate state, local, and private resources secured by each non-profit organization providing public services. In addition, the City sought to leverage other sources of federal, state, and local resources to compliment CDBG funds to meet the underserved needs in the community.

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

The Residential Lead-Based Paint Hazard Reduction Act of 1992 (Title X) emphasizes prevention of childhood lead poisoning through housing-based approaches. To reduce lead-based paint hazards, the rehabilitation of housing units built prior to January 1, 1978, included lead-based paint testing and risk assessment process. When lead-based paint was identified, the City ensured that developers and contractors incorporated safe work practices, interim controls, and depending on the level of assistance, abated the lead-based paint as part of the scope of work to effectively reduce lead-based paint hazards to children in accordance with federal regulations. During the 2025-2026 program year, the City assisted 10 household with the rehabilitation of their home. Of these 10 households, eight (8) were built prior to 1978. Of these eight (8) properties, two (2) resulted in limited testing and six (6) resulted in LBP testing that did not detect positive levels of LBP hazards.

Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)

During the 2025-2026 program year, the City supported the following strategies and actions to reduce the number of poverty-level families:

- Provided public services designed to address the needs of low- and moderate-income households, residents with special needs, and those experiencing homelessness to ameliorate the effects of poverty.

- Improved public facilities and infrastructure to benefit residents in predominantly low- and moderate-income areas or those presumed under HUD regulations to be low- and moderate-income such as elderly residents and disabled adults.
- Supported activities that preserved the existing housing stock that is affordable to low- and moderate-income households.
- Expanded economic opportunities for low- and moderate-income residents.

In addition to these local efforts, mainstream state and federal resources also contributed to reducing the number of individuals and families in poverty. Federal programs, such as the Earned Income Tax Credit and Head Start, provided pathways out of poverty for families who are ready to pursue employment and educational opportunities. Additionally, in California, the primary programs that assisted families in poverty were CalWORKS, CalFresh (formerly food stamps) and Medi-Cal. Together, these programs provided individuals and families with employment assistance, subsidy for food, medical care, childcare and cash payments to meet basic needs such as housing, nutrition and transportation. Other services were available to assist persons suffering from substance abuse, domestic violence and mental illness.

Actions taken to develop institutional structure. 91.220(k); 91.320(j)

The institutional delivery system in the City is best represented through the collaboration between local government and an outstanding set of non-profit organizations that carry out a diverse array of public service programs to enrich the lives of residents. These relationships are collaborative- each organization partnering with the next to ensure that all City residents have the support necessary to lead fulfilling lives.

Affordable housing preservation activities were carried out by the Economic Development Department in partnership with housing contractors. Guided by the Strategic Plan, public service activities are carried out by non-profit organizations and City Departments to serve low- and moderate-income residents. The Economic Development Department works with the Public Works and Engineering Services Departments on city-owned public facilities and infrastructure improvements to ensure their projects are delivered on time, within budget, and in compliance with all federal, state, and local regulations.

Through technical assistance and the annual Notice of Funding Availability (NOFA) process last winter, the City continued to develop and expand local institutional structure by strengthening existing partnerships and leveraging the experience of organizations that previously have not participated in locally-administered federal programs to expand the number of program offerings available to residents.

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

To enhance coordination between public and private housing and social service agencies, the City invested CDBG funds and will continue consulting with and inviting the participation of a wide variety of agencies and organizations involved in the delivery of housing and supportive services to low- and moderate-income residents in the City.

Representatives of the City participated in the San Bernardino HOME Consortium. Additionally, City staff regularly participated in neighborhood meetings during the program year to coordinate the efforts of local organizations that worked in neighborhoods to address poverty through direct community engagement.

Identify actions taken to overcome the effects of any impediments identified in the jurisdiction's analysis of impediments to fair housing choice. 91.520(a)

Activities implemented during the 2025-2026 Program Year followed the recommendations of the 2025-2029 Analysis of Impediments to Fair Housing Choice. For the 2025-2029 planning period, there were three (3) fair housing issues:

- Concentration by Race/Ethnicity and National Origin
- Disparities in Access to Opportunity
- Disproportionate Housing Needs

The Analysis of Impediments to Fair Housing Choice included the following goals and actions the City took to address the fair housing issues:

- Reduced private discrimination through fair housing enforcement and outreach:
 - The City continued to allocate CDBG funds toward fair housing and hosting educational workshops.
 - The City utilized all forms of social media to provide links to fair housing information.
- Increased access to opportunities through place-based strategies to encourage community conservation and revitalization.
 - The City prioritized funding for public services and infrastructure improvements in disadvantaged communities.
- Increased access to opportunities through new housing choices and affordability in areas of opportunity:
 - Promoted development of affordable housing on sites identified in the City's 2021-2029 Housing Element as feasible for low-income housing, specifically near corridors with resources.
 - Conducted outreach to developers to promote mixed-use density bonus incentives to facilitate higher density housing.
 - Promoted the development of housing projects with four or more units to developers by reaching out to developers.
 - Improved housing mobility for HCV recipients by expanding knowledge of source of income protections by providing educational information to local agencies.

Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

To ensure that CDBG funds are used efficiently and in compliance with applicable regulations, the City provided technical assistance to all subrecipients at the beginning of the program year and monitored subrecipients throughout the program year via desktop monitoring of reimbursement requests and quarterly performance reports.

Technical Assistance

To enhance compliance with federal program regulations, the City made technical assistance available to prospective applicants to review the Consolidated Plan goals, program requirements, and available resources with potential applicants. Subsequent to the approval of the AAP, a mandatory subrecipient workshop was held in June 2025 to review program regulations in detail, to provide useful forms and resources for documenting compliance, and to review the City's compliance procedures and requirements. Additionally, individualized technical assistance was provided on an as-needed basis during the Program Year.

Activity Monitoring

All activities were monitored, beginning with a detailed review upon receipt of an application to determine eligibility, conformance with a National Objective and conformance with an AAP goal. This review also examined the proposed use of funds, eligibility of the service area, eligibility of the intended beneficiaries and likelihood of compliance with other federal requirements such as the National Environmental Policy Act, the System for Award Management (SAM) debarment list, prevailing wage, Minority and Women Business Enterprise, Section 3, and federal acquisition and relocation regulations, as applicable.

Subrecipients were required to submit an audit and other documentation to establish their capacity, and any findings noted in the audit were reviewed with the applicant. Eligible applicants were then considered for funding. The City reviewed quarterly performance reports and invoices throughout the year as part of its desk monitoring.

During the 2025-2026 Program Year, the City completed its annual risk assessment to determine which CDBG public service activities to monitor to verify compliance. These monitorings were completed throughout the 2025-2026 Program Year. These reviews included both a fiscal and programmatic review of the subrecipient's activities. The reviews determined if each subrecipient complied with the program regulations and City contract. Areas of review included overall administration, financial systems, appropriateness of program expenditures, program delivery, client eligibility determination and documentation, reporting systems, and achievement toward achieving contractual goals.

Citizen Participation Plan 91.105(d); 91.115(d)

Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.

In accordance with the City's adopted Citizen Participation Plan, a public notice was published in the *Inland Valley Daily Bulletin* on August 13, 2026, notifying the public of the availability of the CAPER for a 15-day public review and comment period. A copy of the public notice is included in Appendix A.

The draft CAPER was available from August 17, 2026, to September 2, 2026, on the City's website. Physical copies were also available at City Hall in the City Clerk's Office and Economic Development Department, first floor lobby, and Paul A. Biane Library. Residents were encouraged to review the CAPER and provide any written comments by mail to Flavio Nuñez, Management Analyst II, or via email to Flavio.Nunez@cityofrc.us. A summary of any written comments received during the public review and comment period are included in the CAPER submission to HUD as Appendix A.

Specify the nature of, and reasons for, any changes in the jurisdiction's program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.

The 2025-2026 Program Year was the first year of the 2025-2029 Consolidated Plan. The City made progress toward its five-year and one-year goals for this reporting period and did not change its program objectives or the projects and activities that utilized CDBG funds. The 2025-2026 projects that were able to continue were successful and therefore, no changes are anticipated to be made for the City's future objectives.

CDBG funded activities contributed significantly to the City's progress toward meeting the high-priority needs identified in the Consolidated Plan. As shown in Table 1 on page 2 of this document, CDBG funds are contributing to all Strategic Plan goals including Public Services, Public Facilities and Infrastructure Improvements, Affordable Housing Preservation, Fair Housing Services and Economic Development.

Project:0001 - Fair Housing Services

IDIS Activity:727 - Inland Fair Housing and Mediation Board: Fair Housing Services

Status:Completed 6/30/2025 12:00:00 AM

Location: ,

Objective:

Outcome:

Matrix Code: Fair Housing Activities (subject to 20% Admin Cap) (21D)

National Objective:

Activity to prevent, prepare for, and respond to Coronavirus: No

Initial Funding Date:10/23/2024

Description:

Inland Fair Housing and Mediation Board (IFHMB) is requesting CDBG funding from the City to implement its Fair Housing Services program. Implemented by IFHMB CEO, CFO, COO, Program Supervisors, and Mediators, the Fair Housing Services program will provide all residents of the City of Rancho Cucamonga, including residents who have low-to-moderate incomes, fair housing services including access to fair housing information. The program area is the City of Rancho Cucamonga. Residents will be provided with fair housing services that include education about fair housing rights and responsibilities, and assistance with resolving fair housing complaints. IFHMB will use the awarded CDBG funds to pay for fair housing services that will be provided to residents of Rancho Cucamonga, California. Beneficiary information will document the eligibility for the program services provided to each person in the target population. In addition, beneficiaries of the Fair Housing Services program will be able to receive services at IFHMB. IFHMB is currently providing services to residents of the City of Rancho Cucamonga remotely through telephone, mail, email, and is conducting fair housing education webinars through Zoom during IFHMB's business hours which are 8:00 a.m. to 5:00 p.m. Monday through Thursday, and 8:00 a.m. to 4:30 p.m. on Friday. When possible, the IFHMB Ontario office may be reopened to the public. The office is currently closed to the public due to the pandemic. The Fair Housing Services will address the City's consolidated plan goal of providing housing services and fair housing services for residents of the City of Rancho Cucamonga and assisting persons who have low-to moderate income who have housing discrimination concerns. The problem being addressed by this activity is the need to provide education and information to City residents about federal and state fair housing laws in order to prevent housing discrimination and to assist persons who have fair housing complaints.1st Quarter - The agency was able to provide fair housing services to 25 unduplicated persons.2nd Quarter - The agency was able to provide fair housing services to 24 unduplicated persons.3rd Quarter - The agency was able to provide fair housing services to 23 unduplicated persons.4th Quarter - The agency was able to provide fair housing services to 30 unduplicated persons.The agency assisted a total of 102 unduplicated persons during the 2024-2025 PY.

Description:

Inland Valley Hope Partners (IVHP) is requesting CDBG funding for the City to implement its Food SecurityStabilization Program. Implemented by Food Security Program Manager, Case Manager, and AssistantDrive with 90+ volunteers to help stockdistribute food and interview clients, the Food SecurityFamily Stabilization Program will provide no- to low-income individual and family residents of R.C. with assistance to maintain health, stretch food dollars, and avoid homelessness by providing homelessness by providing emergency food, supportive, advocacy and housing assistance.

Clients may get a 5-day supply of staple food every 30 days, plus fresh meatproduce as available (homeless every 2 weeks). Homeless persons may obtain a 3-5 day motel voucher, while they coordinate resources and find temporaryremanent housing. A limited number of unhoused families may be assisted with up to 12 months rental assistance through the agency's Rapid Rehousing Program (RRH). Once in housing, Case Manager provides ongoing services to ensure stability after the subsidy expires. IVHP will use the awarded CDBG funds to pay for a portion of program personnel costs and beneficiary assistance including food and for R.C. clients.

Beneficiary clients meet HUD definition for no- to low-income. Eligibility is verified annually by household documents: ID, proof of income and current address. Client info and visits are recorded in Apricot CTK.

In addition, beneficiaries of the Food SecurityFamily Stabilization Program will be able to receive services at Sova Program Center, 904 California St., Ontario during Mon.-Thur. 9 a.m. - 3 p.m.

The Food SecurityFamily Stabilization will address the City's Public Service Consolidated Plan Goal by providing a suitable living environment for individuals and households, and to provide emergency housing to low- to moderate-income residents. 20% of children in San Bernardino County live in food insecure households and 10+% increase in seniors on limited incomes. Outcomes: 100% Sova clients will receive needed food, 100% of rental assistance clients will remain housed for 30 additional days and all will be aided in developing increased self-reliance.

Description:

Impact Southern California (ISC) is requesting CDBG funding from the city to implement its Homeless Prevention-Rapid Rehousing (HPRR) Project. Implemented by the agency's Project Manager with over 25 years of experience delivering services to people experiencing or at-risk homelessness, the HPRR Project will provide low-moderate income residents at-risk of or experiencing homelessness with homeless diversion and eviction prevention services to help prevent homelessness and support housing stability. ISC will use the awarded CDBG funds to pay for emergency rental assistance and related service delivery costs to facilitate eviction prevention and homeless diversion problem-solving strategies. Beneficiary eligibility will be documented through supporting income documentation of all individuals/families along with verification of ability to achieve housing stability with a limited amount of emergency financial assistance. In addition, beneficiaries of the HPRR Project will be able to receive services at 10783 Edison Court in Rancho Cucamonga, by appointment as needed, during the hours of 9 a.m. - 5 p.m., Monday-Friday (weekend and evening appointments available when necessary). Over 90% of client service engagement is conducted online or by phone. The HPRR Project will address the City's public services for low-moderate income residents Consolidated Plan Goal. ISC will use PY 2024-25 CDBG funding to provide housing problem-solving counseling, and temporary rental assistance to help facilitate homeless diversion and eviction prevention solutions for approximately 15 low-moderate-income RC families (approx. 30 people) who are housing costs burdened and at-risk of or experiencing homelessness.

Description:

Northtown Housing Department Corporation (NHDC) is requesting CDBG funding from the City to implement its Weekly Kids School MealActivities Program. Implemented by NHDC, the Weekly Kids MealActivities Program will provide roughly 50 kids throughout the year with weekly meals and snacks, Monday-thursday for our After School Program.

We also give out snacks on Fridays to our local Middle School children.

For activities, the kids participate in daily arts and crafts as well as indooroutdoor games and activities for our After School Program.

Throughout the year, Northtown serves over 200 kids with a variety of programs that consist of activities, meals, gift cards, clothing, toys, etc.

NHDC will use the awarded CDBG funds to pay for items needed for our programs.

Our Weekly Kids School Mealactivities Program assists the low- to moderate-income kids in the Southwest community of Rancho Cucamonga.

This will help free up the family's financial resources to be used on other necessities like rent, clothes, etc.

In addition, beneficiaries of the Weekly Kids School MealActivities Program will be able to receive services at Northtown Community Center located at 10071 Feron Blvd., Rancho Cucamonga, during the hours of 9:00 a.m. - 5:00 p.m., Monday through Friday.

The Weekly Kids School MealActivities Program will address the City's Public Service Consolidated Plan Goal of the need for a safe environment where children can enjoy a meal as well as participate in a variety of activities and learning experiences.

NHDC focuses on providing meals, programs, and experiences for the children in our low- to moderate-income community which gives them hope and opportunities they might not otherwise have.

Description:

The City of Rancho Cucamonga is requesting CDBG funding from the City to implement its CASA Cooking Program to improve the health outcomes and quality of life for under-resourced youth and adult community members. Implemented by Community Programs Coordinator Joanna Marrufo, the CASA program will provide low-moderate income residents with access to fresh healthy meals and hands-on nutrition education through a weekly class taught by a nutrition instructor. This program uses the knowledge and skills of a nutrition instructor that provides after school and evening classes consisting of four, six-week sessions for a total of 24 classes throughout the year. Every week the class will highlight seasonal produce to use in recipes that are fun and easy to make at home. They will ensure all recipes are accessible (available in local markets), culturally appropriate (mindful of diverse cultures), and affordable (budget-friendly) for families to recreate. Our instructor will emphasize the importance of nutrient dense foods because it impacts short and long-term health outcomes. Many foods highlighted in the class will help prevent chronic health conditions, boost immunity, and help you stay full and satiated throughout the day. The CASAS class empowers students to make behavior changes in their daily life because they have consistent support and resources to prepare a meal for themselves. The City of Rancho Cucamonga will use the awarded CDBG funds to pay for class supplies (i.e. aprons) and the instructor costs (i.e. fees, supplies, food). Beneficiaries will live in the low-moderate service area of eligibility. In addition, beneficiaries of the CASA Cooking Class will be able to receive services at Los Amigos Elementary School in Rancho Cucamonga during Tuesdays from 3:00 p.m.-7:30 p.m. The CASA Program will address the City's public services (nutrition and health) Consolidated Plan Goal. The CASA Program aligns with the 20-24 Consolidated Plan because this program will remove the financial barriers associated with accessing healthy foods for low-moderate income residents and increase opportunity for residents who need health and nutrition public service. Food security is a priority and need in this community, as well as opportunities to access healthy foods and nutrition education in order to improve health outcomes and reduce risk of chronic illness (i.e. obesity, high blood pressure, high cholesterol, diabetes) among residents.

Description:

The Stepping Stone Program (SSP), will provide homeless individuals with housing, food, and hygiene assistance. Foothill Family Shelter (FFS) will use the awarded CDBG funds to pay for staff salaries. Beneficiaries will be homeless individuals and families connected to Rancho Cucamonga by living or working there will be provided with transitional housing and/or basic necessities such as food & hygiene to help with the rising cost of products and inflation. In addition, beneficiaries of the SSP will be able to receive services at FFS's Administrative office located at 1501 W. Ninth St, Suite D, Upland, Ca 91786. If offered housing, the apartments are located off North San Antonio Avenue in Upland, CA during Tuesday through Friday from 9am - 12pm and 1pm - 5pm. According to San Bernardino County Community Indicators, 3 in 4 of the counties unsheltered people live unhoused. This issue is caused by inflation, rising cost of rent, job loss, and other situational factors. Poverty can negatively impact an individual's physical health, mental health, and educational ability which limits an individual's ability to reach their full potential. FFS strives to provide families with the tools and resources needed to overcome this cycle of poverty and regain stability. According to the San Bernardino County Point in Time Count, the number of sheltered and unsheltered homeless individuals rose in both categories. FFS is positioned to meet this need because they have been providing transitional housing for over 39 years with a 79% success rate. FFS's success rate is based on families who leave their program with sustainable and safe housing along with the necessary resources and skills to maintain that housing. In addition, FFS provides food, hygiene, and other basic necessities to families both in and out of our housing program to help them with the rising cost of living.

Description:

Inland Valley Hope Partners (IVHP) is requesting CDBG funding from the City to implement its Food Security Family Stabilization Program. Implemented by a Food Security Program Manager, Case Manager and an Assistant Driver with 90+ volunteers to help stock/distribute and interview clients, the program will provide no- to low-income residents of Rancho Cucamonga with assistance to maintain health, stretch food dollars, and avoid homelessness by providing emergency food, supportive services, advocacy and housing assistance. Clients may get a 5-day supply of staple food every 30 days, plus fresh meat/produce as available (homeless every 2 weeks). Homeless persons may obtain a 3-5 day motel voucher, while they coordinate resources and find temporary/permanent housing. A limited number of unhoused families may be assisted with up to 12 months rental assistance through the agency's Rapid Rehousing Program (RRH). Once in housing, Case Manager provides ongoing services to ensure stability after the subsidy expires. Client info and visits are recorded in Apricot CTK. In addition, beneficiaries of the Food Security Family Stabilization Program will address the City's Public Service Consolidated Plan Goal by providing a suitable living environment for individuals and households, and to provide emergency housing to low-to moderate-income residents. 20% of children in San Bernardino County live in food insecure households and 10+% increase in seniors on limited income. Outcomes: 100% of Sova clients will receive needed food, 100% of rental assistance clients will remain housed for 30 additional days and will be aided in developing increased self-reliance.

Description:

Northtown Housing Development Corporation (NHDC) is requesting CDBG funding from the City of Rancho Cucamonga to implement the Kids MealActivities Program. The various programs offered are conducted by Northtown Community Center located at 10071 Feron Blvd. Rancho Cucamonga, CA 91730 and serves children throughout the year. NHDC offers an After School Program, Mon-Thurs from 2pm-4:30pm. The program offers the children 20 minutes of educational learning time, a freshly prepared meal, indoor and outdoor activities, as well as crafts, games, and prizes. The program also offers the children a Summer Camp Program which takes place in the month of July. The Summer Camp Program lasts for 3 weeks and has a curated itinerary where the kids are provided breakfast, lunch, and activities for the day, along with (3) fields trips. NHDC's Summer Camp program is located at Northtown Community Center and is available from 10am-2pm, Mon-Thurs. with the field trips taking place on Fridays. The children of Rancho Cucamonga also partake in ongoing yearly activities such as, Halloween Trunk-or-Treat event, Thanksgiving and Christmas Dinner, Christmas Toy Giveaway event, Easter Hunt event, etc. NHDC's yearly events provide meals, activities, games and prizes for the children that participate in the events. The Kids MealActivities Program addresses the city's need where children are able to to gather with one another in a safe environment while socializing and receiving a hot meal which is beneficial to their mental and emotional health. Northtown serves children that live in a low-moderate income community which gives them experiences and opportunities they might not otherwise have.

Description:

Northtown Housing Development Corporation (NHDC) is requesting CDBG funding from the City of Rancho Cucamonga to implement its Weekly Senior MealActivities Program. The Senior Program will provide 100+ seniors throughout the year with resources such as, Food Giveaway Program which takes place every Thursday of the month. On Tuesdays, NHDC offers a freshly made lunch for the seniors as well as board games, loteria, activities, and the opportunity of receiving fun prizes and gifts for their birthdays. NHDC also offers ongoing activities and meals throughout the year. Such as Mother's Day Luncheon, Thanksgiving Dinner, Christmas Tamale Dinner, and a Valentine's Luncheon. NHDC will use the awarded CDBG funds to help pay for items and food to help make these programs possible. In addition, the seniors within the City of Rancho will also be able to receive services at Northtown Community Center located at 10071 Feron Blvd. Rancho Cucamonga, CA 91730 during the hours of 9am-5pm Mon-Fri. The Weekly Senior MealActivities Program addresses the city's need for a safe place where seniors can enjoy a meal as well as participate in an array of activities throughout the year. NHDC provides meals and activity programs for the seniors in our low-moderate income community which gives them opportunities and experiences they might not otherwise have.

Description:

The City of Rancho Cucamonga proposes to enter into a subrecipient agreement with Never Stop Grinding (NSG), a nonprofit with a proven track record in youth enrichment programs, to implement the CHAMPS program.

CHAMPS will provide low-to moderate-income residents with access to services aimed at improving emotional well-being, academic success, and healthy lifestyle habits among youth. The program focuses on social-emotional learning (SEL), non-contact boxing for fitness, bullying awareness, academic support, and nutrition education, providing students with tools to succeed in school and in life.

Its core mission is to help students build resilience and empower them to overcome personal and academic challenges.

The program targets underserved youth facing barriers due to socioeconomic challenges, directly supporting the City's goal of improving equity and opportunities for low-income students.

NSG, will lead three, eight-week sessions at Los Amigos Elementary School, with weekly 1.5 hour classes combining SEL, fitness, academic support, and nutrition.

Facilitators will mentor students & tailor activities to meet their developmental & emotional needs.

All participants will reside in CDBG-eligible low- to moderate-income service area.

Classes will occur weekly, 3:00pm-4:30pm, as part of the City's Community School Initiative, addressing the City's Public Services Consolidated Plan Goal.

CHAMPS aims to reduce disciplinary incidents, mental health challenges, & bullying among low-income youth while improving social-emotional skills, academic achievement, & overall well-being through evidence-based interventions.

This partnership demonstrates the City's commitment to supporting vulnerable youth & building stronger, healthier communities.

Description:

The City of Rancho Cucamonga is requesting CDBG funding from the City to implement its Bringing Health Home (BHH) program to improve the quality of life of under-resources community members.

The BHH Program, will provide low-moderate income residents with direct access to fresh fruits, vegetables, and value-added products (i.e., eggs, honey).

Participants are able to select nutritional seasonal produce every week.

Beneficiaries will live in the low-moderate service area of eligibility.

The BHH Program will provide healthy food access to this vulnerable population, many of which are suffering from chronic health conditions and do not have access to low-cost fresh fruits and vegetables in their neighborhood.

By removing the cost barriers associated with purchasing healthy food, residents will have the opportunity for improved quality of life for them and their families.

Food insecurity is a significant issue in our community according to local data.

The City of Rancho Cucamonga Community Services Department is requesting CDBG funding from the city to implement its Senior Health, Wellness & Arts Scholarship Program. Implemented by the City of Rancho Cucamonga Community Services Department through Independent Contract Instructors, the Senior Health, Wellness & Arts Scholarship program, will provide RC residents 62+ with the opportunity to participate in health, wellness and art classes at a discounted rate. The awarded CDBG funds will be used to pay for a portion or all of the direct cost of the registration fees for eligible senior citizens. The beneficiary must be a RC resident aged 62+. Staff will verify participant eligibility for the program by providing a government issued I.D. (driver's license or passport) that will be copied and filed with the individual's registration form. In addition, beneficiaries of the program will be able to receive services at Central Park (11200 Baseline Road) during operating hours of Monday-Friday 8:00am to 8:00pm and Saturday 8:00am to 5:00pm. The program will address the City's public service for low- and moderate-income residents in the CDBG Consolidated Plan. Successful implementation of this program will address the continued rise in inflation costs, effecting individuals on a fixed income and will increase the overall health and wellness of our residents.

Description:

Inland Fair Housing and Mediation Board (IFHMB) is requesting CDBG funding from the City to implement its Fair Housing Services (FHS) program. The program will be implemented by IFHMB's CEO, CFO, Program Supervisors, and Mediators. The FHS program will provide all residents of the City of Rancho Cucamonga, including residents who have low-to-moderate incomes, fair housing services including access to fair housing information. Residents will be provided with fair housing services that include education about fair housing rights and responsibilities, and assistance with resolving fair housing complaints. IFHMB will use the awarded CDBG funds to pay for fair housing services that will be provided to residents of Rancho Cucamonga. Beneficiary information will document the eligibility for the program services provided to each person in the target population. In addition, beneficiaries of the FHS program will receive fair housing services from IFHMB. IFHMB is currently providing services to residents of the City of Rancho Cucamonga remotely through telephone, mail, email, and is conducting fair housing education webinars through Zoom, during IFHMB's business hours which are 8:00am to 5:00pm Monday through Thursday, and 8:00am to 4:30pm on Friday. The FHS will address the City's consolidated plan goal of providing housing services and fair housing services for residents of the City of Rancho Cucamonga and assisting persons who have low-to moderate incomes who have housing discrimination concerns. The problem being addressed by this activity is the need to provide education and information to City residents about federal and state fair housing laws in order to prevent housing discrimination and to assist persons who have fair housing complaints.1st Quarter - the agency assisted a total of 19 unduplicated persons with fair housing services and 111 unduplicated persons with Landlord Tenant Mediation services.2nd Quarter - the agency assisted a total of 32 unduplicated persons with fair housing services and 62 unduplicated persons with Landlord Tenant Mediation services.3rd Quarter - the agency assisted a total of 20 unduplicated persons with fair housing services and 95 unduplicated persons with Landlord Tenant Mediation services.4th Quarter - the agency assisted a total of 10 unduplicated persons with fair housing services and 49 unduplicated persons with Landlord Tenant Mediation services.During the 2025-2026 PY the agency assisted a total of 81 unduplicated persons with fair housing services and 317 unduplicated persons with Landlord Tenant Mediation services.

IDIS

Plan IDIS Year Project	Project Title and Description		Program	Project Estimate	Committed Amount	Amount Drawn Thru Report Year	Amount Available to Draw	Amount Drawn in Report Year
2025 1	Public Services	Provide a range of public services that address the critical needs of low- and moderate-income households and residents with special needs. These programs are intended to promote safety, stability, and self-sufficiency for underserved populations and prevent crises such as homelessness and ameliorate the effects of poverty.	CDBG	\$123,500.00	\$123,500.00	\$44,483.46	\$79,016.54	\$44,483.46
2	Public Facilities and Infrastructure Improvements	Improve public facilities and infrastructure that serve predominantly low- and moderate-income areas, or residents presumed under HUD regulations to be low- and moderate-income such as seniors and severely disabled adults. Improvements will remove material and architectural barriers to accessibility, in compliance with the ADA.	CDBG	\$508,005.00	\$508,005.00	\$254,942.00	\$253,063.00	\$254,942.00
3	Affordable Housing Preservation	Preserve the supply of safe, decent, and affordable housing for low- and moderate-income households. This includes the rehabilitation of existing owner-occupied housing units, with a focus on improving accessibility and addressing health and safety hazards. Where appropriate, energy efficiency improvements and conservation measures will be implemented to increase sustainability and reduce monthly household utility costs and promote long-term affordability.	CDBG	\$452,853.00	\$452,853.00	\$0.00	\$452,853.00	\$0.00
4	Fair Housing Services	Affirmatively further fair housing by providing residents with education, outreach, and counseling services related to their housing rights. Activities include anti-discrimination training, landlord-tenant mediation, and support for individuals seeking reasonable accommodations. These services are essential to eliminating barriers to housing choice and ensure equal access to safe, affordable housing.	CDBG	\$20,000.00	\$20,000.00	\$0.00	\$20,000.00	\$0.00
5	Economic Development	Expand economic opportunities for low- and moderate-income residents by supporting a variety of initiatives, including training, business assistance, and commercial rehabilitation efforts that facilitate business growth and local hiring.	CDBG	\$32,000.00	\$32,000.00	\$0.00	\$32,000.00	\$0.00
