

# Construction and Demolition Waste Diversion Program

## About the Program

### Exempt Projects

Projects that are exempt from paying a C & D waste diversion deposit include:

- Single-family residential homes that are four units or less.
- Construction projects less than \$100,000 in value.
- Roofing projects that do not include a tear-off of the existing roof.
- Work that requires only plumbing, electrical, or mechanical permits.

The City of Rancho Cucamonga is required by state law to reduce the amount of material that is hauled to landfills. To reach this goal, the City created the Construction and Demolition (C & D) Waste Diversion Program to divert materials generated from construction or demolition projects from landfill disposal to recycling or reuse.

Permit applicants for new construction or tenant improvements are required to submit a deposit before a building and/or demolition permit is issued if the project is valued over \$100,000. Deposits are reimbursable if applicants provide proof that at least 65% of the waste was diverted from landfill disposal. In addition to the deposit, there is also a non-refundable administration fee

to offset expenses incurred in administering the program including site inspections, document review, and processing. The amount of the deposit and fee vary with the size of each project.

**PLEASE NOTE: Burrtec Waste Industries is the ONLY business permitted to haul waste in the City of Rancho Cucamonga. No unauthorized collection containers or haulers are allowed.**

### Deposit and Administrative Fee Amounts

Square Feet	Deposit Amount
1,000 to 9,999	\$5,000
10,000 to 19,999	\$10,000
20,000 and greater	\$15,000

Square Feet	Administrative Fee Amount
Less than 5,000	\$250
5,000 to 9,999	\$500
10,000 to 19,999	\$750
20,000 and greater	\$1,000

### Reporting, Reimbursement Requirements, and Instructions

Documentation that at least 65% of the total waste generated was diverted from the landfill by recycling or reuse is required. Acceptable documentation consists of weight tickets or other records of measurement from certified recycling facilities, processors, transfers stations, and landfills.

Weight tickets must have the following information:

- Disposal Date
- Disposal Business Name
- Material Type
- Net Weight
- Weight Ticket Number
- City of Origin: This must

Reimbursement request and supporting documents must be submitted within 60 days of final inspection or your deposit will be forfeited.

The reimbursement process is through the City's online portal service Accelerate. To set up your account:

1. Go to [www.CityofRC.us](http://www.CityofRC.us) for registration instructions.
2. Log on to the Accelerate website: <https://aca.accela.com/cityofrc/>
3. Upload weight tickets throughout the project's duration for immediate feedback.

Instructions can be found on our webpage at:

<https://www.cityofrc.us/cityhall/engineering/env/cdd.asp>

Final review request and weight tickets must be submitted within 60 days of final inspection or your deposit will be forfeited.
